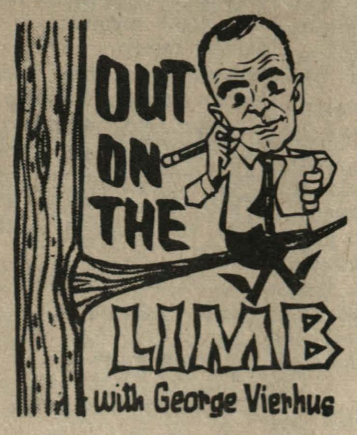
Since 1895

Vol. 81 No. 8 Wednesday, February 21, 1973 10¢

378-9136 35 Dillon Avenue, Campbell, California



SHOCKING DISBELIEF was just one of the more printable terms applied to the "Case of the Vicious Letter" that disturbed and confused a lot of people who are sincerely interested in the welfare of the Campbell Union (elementary) School District.

We have no intention of publicizing the incident in any detail and thus recognize the sick mind of the person who concocted the missive.

We also do not intend to analyze the motives that may be behind the sordid activity.

Suffice to say that the letter in question contained scurrilous, slanderous and libelous statements of a magnitude that defies description.

The letters that were circulated (we received one) were copies of an original over the alleged signature of Herb Wadley, president of the Campbell Elementary Teachers Association.

The copies were on CETA stationery (of a type, incidentally, that has not been used by that organization for more than a year.)

In a statement, Herb has said that "this letter was not authoried by me, nor am I responsible for the contents or any part of it. I have taken appropriate steps to seek both legal and governmental services in an attempt to determine the origin."

We believe Herb. It is an outright forgery.

There is no question that the body of the letter and the alleged signature were written on two different typewriters.

So, there is no question then that the letter is a forgery.

And there is also no question that someone with a warped, perverted and sick mind must have done it.

AND that is what really bothers us.

How about you?

-0-

MEASURING THE SOUND level of a barking dog in a scientific manner by some decibel gauge in order to determine whether the canine caroling is exceeding the proper legal standard is an exercise in futility, in our opinion,

But then we just could be barking up the wrong tree.

It is conceivable, based on the city's recent action in approving the proposed dog kennel operation for Joyce Kealoha at 1849 Pollard Road, that some city employee in the future, armed with a decibel gauge (whatever that is) will be called upon to measure whether the bow-wows at that spot are too loud.

So what's the next move?

Like what happens when the cops are called to a loud party in an apartment; just move in and suggest that the excess noise - makers quiet down?

"Tone it down a bit, will you, Mac (Fido), the neighbors are complaining!"

-0-

AS FACETITIOUS AS WE may sound, we still recognize that the City Council and the Planning Commission, in establishing guidelines or standards for sound levels for a kennel, were sincerely attempting to be fair and equitable.

And, although we are somewhat critical of the length of time the application was pending (about five months) while a standard for a reasonable sound level was sought, we find no fault with the effort that was made.

We just feel that for laymen to become involved with "decibels" and "ambients," when it comes to dogs, sort of hinges on the ridiculous, especially when even the experts are not sure what they are barking about.

We admit quite frankly that we haven't the slightest idea of what a "decibel" is (dBA) or "ambient," for that matter. Both terms are used in the conditions for approval

CITY COUNCIL HOLDS HEARING NEXT MONDAY

Ordinance would ban freeway signs

Should signs that are oriented to the freeway be prohibited by city ordinance? That is the controversial question that will face the City Council next Monday, February 26, when the public hearing is scheduled on the amended sign ordinance.

And all signs seem to indicate that the matter may be decided by a divided vote of the city fathers.

The issue has been pending since last September when the City Council (by a divided vote) referred the city's sign ordinance, as well as a Council policy prohibiting freeway-oriented signs, to the Planning Commission and staff for study and recommendations.

Appeals from Planning Commission rulings denying freeway-facing signs for Gold Key furniture and the Prune-Yard had brought the matter to a head.

A motion to simply refer the freeway-sign policy to the staff and Planning Commission for study and recommendation was amended (by a 3-2 vote) to include the entire sign ordinance in the study.

A study committee, composed of representatives of the Chamber of Commerce and city officials, has hammered out a recommendation in the interim that eliminated the city policy against freeway signs and provided that all such signs be referred to the Planning Commission.

But the Planning Commission did not go along with that version.

By a unanimous vote, the Planning Commission recommended that the ordinance prohibit signs that are freeway-oriented on the basis of "public necessity and convenience."

And that is the version which the City Council will take up next Monday.

The proposed amended ordinance has a number of other changes. None of them, however, are expected to create the controversy of the freeway sign bit.

The ordinance would prohibit rotating signs (except for time, temperature and news devices) and specifies how long non-conforming signs (three years) will be allowed.

It also eliminates signs on vehicles for the specific purpose of attracting attention of the public.

Indications are also that one or more amendments will be offered by councilmen as possible compromise gestures.

Grange honors old-timers at annual celebration

For 81 years Campbell has had annual celebration which has been called "Old Settlers Day" and more recently "Early Settlers Reunion."

This year the reunion of old timers and 40-year residents was held Monday, February 19, in the Orchard City Grange Hall.

Luncheon was served to more than 160 persons who came from Campbell, San Jose, San Francisco and central California.

The annual celebration was first recorded on July 4, 1892, but in 1895 was held on February 22 and each year thereafter, the community paused on Washington's birthday to hold a patriotic celebration.

According to one long-time resident, the celebration then included a morning program, a basket lunch, followed by afternoon music and later, sports events. The program was held in the Sutter Building, at Central and Campbell avenues, at the Campbell Grammar School (now West Valley College) and at the cannery located on Harrison Street.

This year's guests at the invited reunion included Supervisor Ralph Mehrkens, Mr. and Mrs. Fred Heinzen (Bernice

(Continued on Page 2)

NEXT MONDAY NIGHT

Council gets report on East Campbell traffic

A preliminary report based on the results of the traffic survey that was taken on East Campbell Avenue and adjacent streets is scheduled to be presented to the City Council next Monday, February 26, by Russell Pearson, traffic consultant.

Pearson was hired by the city and county to study the area, long-plagued by heavy through traffic, in an attempt to find a solution to the vexing problem. The three-day traffic survey that was conducted was part of the study.

Indications are, however, that the report next Monday will not include any specific recommendation but will deal mainly with the findings of the survey.

In order to alleviate the traffic problem on East Campbell Avenue, the City Council had studied the possibility of a blockade at Midway that had been recommended by Bill Wren, public works director.

When residents of adjacent streets, as well as county traffic people had objected strenuously to such a move, the Council deferred the installation of the blockade until after a traffic survey had been completed.

County officials had also indicated that the opening of "280" would cut down the through traffic.

However, neither "280" nor four-way stop signs that were placed at Midway apparently has had any effect on the traffic. The four-way stop signs were removed after a six-week trial run.

The Council indicated also at the time the blockade was suggested that it would be reconsidered at a later date, if the situation was not improved.

On the agenda next Monday also is a letter from Mrs. Edith Bonnet, of 798 Loyalton, calling attention to the lack of supervision during after school hours at the neighborhood park at Forest Hill School. The park is a joint development of the city and school district. She suggests that because the park is somewhat isolated that supervision by a recreation leader is a must.

Also on the agenda will be the proposed agreement between the city and the Campbell-Moreland Pony League that is based at the city-owned Rincon Park.

The agreement, which is on a year-to-year basis, gives a "non-exclusive but a priority"

(Continued on Page 2)

POPULATION: 28,350

Campbell's population is now 28,350, according to the official estimate of the Department of Finance of the state which recently completed the count at the request of the city.

The new population figure, which will be used as a basis for state subventions, is 1300 above the 1972 figure of 27,050.

IN CITY HALL AT 7:30 P.M.

Citizens goals committee meets this Thursday

Members of the Citizens Advisory Goals Committee for the City of Campbell are scheduled to meet in a general session this Thursday, Feb. 22, at 7:30 p.m. at the city hall.

Following the general meeting, the sub-committees into which the 76 members of the general committee has been divided will meet.

Steve Campbell, chairman, and Bob Peck, vice-chairman, will conduct the general session at which progress reports will be made on the three major areas of concern that are being studied by the goals committee.

City Manager Bob Stephens and Councilmen Dean Chamberlin and Norm Paul will also review the progress of the committee.

All the sub-committees have had study sessions since the last general meeting and the different sections have in most cases, established priorities for their study sessions.

According to Chairman Campbell, after next Thursday's meeting there will be no further additions to the membership of the goals committee. Those citizens who have been named since the last general meeting will be introduced at Thursday's session.

The work session of the various sub-sections and committees will continue through April and the first draft of the recommendations will be discussed in May.

It is anticipated that the steering committee of the overall group will submit the final recommendations and report to the City Council in June.

Subject areas under discussion by the intergovernmental relations sub-section include, 911 emergency number intercity transportation, emergency communication and environmental impact statements.

In the physical design and environment section, topics that have been presented for discussion include the relocation of the main fire station, paramedic and rescue programs, noise control ordinance, land usage and high density zoning.

Discussed by the city services and capital improvement section have been the six-year capital improvement schedule, street improvement schedule and the city's contract for refuse disposal.

The recreation work session has placed on the table for discussion the question of whether the city should employ a full-time recreation director; how the city can best cooperate with the schools in recreational services; what improvements should be made to Rincon Park and the neighborhood parks and how could bicycle trails be developed.

Building booms with one permit

Building permits issued for January in Campbell this year topped the same month of a year ago by almost $1 million. [illegible] actually took only one permit to accomplish that feat, according to Wally Byron, city building official.

Total permits issued in January came to $2,145,676. A permit for a 264-unit apartment complex for Lincoln Properties at 275 Union Ave. was issued for $2,059,520. In January last year, the permit total was $234,726 for the month.

The only other permits issued during the month were for additions and alterations, $21,192; signs, $2,700; one swimming pool, $3,600; demolition, $500.

Listed also was the permit issued to the City of Campbell for interior completion of the engineering wing at the city hall.

The permit was for $54,664 with Trimble Construction as the contractor.

Lettuce may come up again

Another attempt to revive the lettuce-ban issue may take place at the regularly scheduled school board meeting of the Campbell Union (elementary) School District this Thursday, February 22, at 7 p.m. in the district office.

Protestors at the last board meeting, when Campbell police were called, indicated they would be back and a number of letters on the subject are expected.

The board is also expected this Thursday to approve the recommendation of Ruth Launer, director of education, that the district apply for funding for the "Early Childhood Education Program" in the 1973-74 school year.

NINE SEEK THREE SPOTS

No incumbent trustees file in Campbell (elementary) school district

For the first time in recent years, there will be no incumbent trustees seeking reelection in the Campbell Union (elementary) School District.

But there will be nine candidates for the three positions that are open in the election on April 17.

Trustees Eleanor Graham-Armstrong, Judy Ruscigno and Ralph Steinberg, whose terms are expiring, did not file for reelection.

Last Friday, Feb. 16, was the deadline for filing for trustee in all the school districts.

Frank Bonnano, a member of the Campbell Union High School District board of trustees, also did not file for reelection. Bonnano a San Jose News editor, was recently promoted to a responsible executive position by his paper.

The two other incumbents, whose terms expire on the high school board. Vern Rutlen, 12420 Radoyka Dr., Saratoga, and Mrs. Dorothy Goble, 14623 Nelson Court, San Jose, are seeking reelection. There are three positions to fill.

Others filing for the high school board include:

Ray A. Silva, 185 Surmont Court, Los Gatos, a chartered life underwriter; Steve Dedesco, 345 S. Genevieve Drive, San Jose; Donald R. Thomas, 1630 Sheffield Ave., San Jose, a systems engineer and Raymond B. Dillon, Jr. 4950 House Lane, San Jose, a teacher.

CAMPBELL ELEMENTARY

In the Campbell Union (elementary) School District, four candidates, Gordon Abbott, public realtions/accountant, 1010 Baywood Drive, San Jose; George P. Baker, a cost analysist at FMC, of 635 Chapman Drive, Campbell; Mrs. Virginia Vaughn, housewife and active in school affairs, of 355 Sobrato Drive, Campbell and Carl E. Samuelson, of 2174 S. Abbey Lane, had announced prior to the deadline on Friday, that they would be candidates. There are three positions open.

No prior announcement had been made by the other five candidates who submitted their nomination papers by the deadline.

They are:

Mrs. Margaret M. Ota, 1421 Westmont Ave., Campbell, housewife; Mrs. Marie Flaherty, 121 Smith Creek Road, Los Gatos, housewife; Mrs. Elizabeth R. Rodriguez, 1138 S. Daniel Way, San Jose, housewife and community worker; Robert G. Fricke. 285 Prince St., Los Gatos, college instructor; J. W. Pattee, 90 Winchester Blvd., San Jose, retired union official.

Ralph J. Steinberg, a San Jose attorney, who was elected to the board in 1969, last week issued a statement announcing that he would not seek reelection.

Mrs. Ruscigno, who was elected to the board in a special election in July, 1970, to fill the unexpired term of John Merriell, who had resigned, announced Friday that she would not be a candidate.

Hold-over trustees are Dr. Bob King, current board president and Dr. Richard MacQuiddy. They were elected in April, 1971 and their terms expire in 1975.

STATEMENT

Mrs. Eleanor Graham-Armstrong, who has served as a trustee of the Campbell elementary district for the past 13 years, issued a statement on Wednesday that she would not be a candidate again. She explained in her statement that because of an increase in her personal responsibilities, she felt she could not devote enough time to school board affairs.

In her statement, Mrs. Graham-Armstrong, who recently lost her husband, pointed out that her 13 years on the board had been an "educational, enlightening experience and that many friends have made it a most pleasant and enjoyable job."

She added that the district had almost doubled in schools and personnel and the quality of education is still the finest.

"I trust," she stated, "the community will continue to back the new board, administration and teaching staff in building the educational programs and facilities, putting our tax dollars to the best use."

"Community involvement," she further noted, "is a necessary part of our school system, however, a Board swayed and torn between different factions of the community is courting disaster. They should listen, take all sides into consideration, make a decision and stick by it."

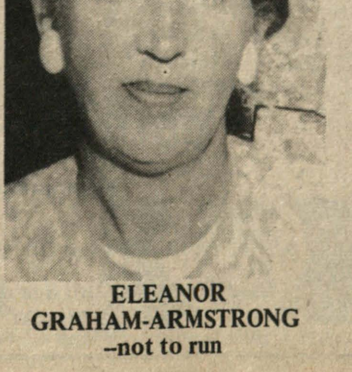
OTHER DISTRICTS

In the Cambrian school district where there also are three openings, there are six candidates: John H. Shetanian, Jr., 2887 Nicholas Dr., San Jose, incumbent; Jack M. Farnham, 15572 Woodard Rd., San Jose, incumbent; Bennett D. Black, 2344 W. Moreland Dr., San Jose, auditor; Donald B. Hope, 14421 New Jersey Ave., San Jose, surveyor; James B. Duff, 3839 Woodford Dr., San Jose, counselor; Mrs. Carol R. Cooke, 1960 Kirby Way, San Jose, homemaker / community volunteer.

In the Moreland district there are also three positions open with six candidates: John A. Hibbert, 1644 Fallbrook, San Jose, incumbent; Damon G. Nalty, 849 Rockwood Dr., San Jose, college professor; Rodney E. Pease, 3974 Acapulco, Campbell, accountant; James E. Maxson, 4428 Hilton Ave., San Jose, teacher; Paul E. Haddon, 5674 Brookhurst St., San Jose, quality assurance manager; Donald L. Towle, 1069 Keltner, San Jose, insurance broker.

In the West Valley College district, William H. Cilker, incumbent and Mrs. Mildred H. Wharton, incumbent, have filed for reelection from the Los Gatos-Saratoga district (Area 1). Luis Hernandez, educational-counselor assistant and Felix Gustavo Ortiz, business student, have also filed.

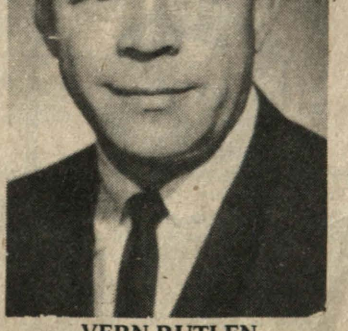
Foster S. Lopes, incumbent representing the Santa Clara district (Area 2), has no opposition on the ballot.



ELEANOR GRAHAM-ARMSTRONG
–not to run

JUDY RUSCIGNO
–did not file

FRANK BONNANO
–steps out



VERN RUTLEN
–runs again

DOROTHY GOBLE
–seeks reelection

Editorial

School goals

We are heartily in accord with the recommendation of the Campbell Union (elementary) School District goals steering committee that each school in the district initiate school-community dialogue sessions so that the citizens can be directly involved in establishing program priorities for their school.

We hope there is an enthusiastic response to the goals committee invitation to all citizens within the district to serve on a local school goals committee. Those interested should contact the district office prior to March 1.

The district now is in the process of developing educational goals at the district level, as well as at each of the individual schools.

To accomplish this, the District Goals Steering Committee, which is composed mainly of citizens, has developed guidelines for the schools to follow.

It is hoped that the school committees will be made up of a broad representation of citizens, such as non-parents, senior citizens, service organizations, minority representatives, high school and college students as well as parents of the school-community.

This program of the Campbell Union (elementary) School District is deserving of support, for we have been long convinced that there is a definite need for more involvement of the citizens in all matters of education and government on the local opportunity.

Unfortunately, as we have said so often, too many of us are content to stay on the sidelines and let a relatively few make decisions that affect us all.

And after the decisions are made, there is often much groaning and criticizing.

By participating on the local schools goals committee, the citizens will get a better understanding of the entire educational program.

In addition, such participation will give many an opportunity to express his or her opinion of what the objectives of education should be.

For too long a time, it has appeared that schools of a community have been set apart from the rest of the community and their activities have not been correlated to the community as a whole.

We sincerely believe citizen involvement and participation will do much to break down this barrier that has existed and emphasize that educational activities and facilities are not the province of one segment of the community.

We urge those citizens who are interested in participating on their school committees to contact their school principal or June Swain at the district office (378-3405) before March 1.

It is an opportunity to become involved in a phase of our community life that could mean a great deal to the future of the country.

City goals

Another goals group involved in "goals" and who is hard at work in this community at the present time is the Citizens Advisory Goals Committee of the City of Campbell.

More than 70 citizens have been divided into various sub-sections and are exploring the various areas of concern and, hopefully, after their research and study has been completed, will submit guidelines for the future that will have an important bearing as to the type of community that is desired. The entire committee will meet this Thursday, February 22 at 7:30 p.m. in the City Hall.

At the risk of being redundant, we feel that citizen involvement, whether it is the school or the city, will mean a great deal to all of us.

It is always easy to let person in authority take over in governmental activities without giving them any input as to what the people want.

And, of course, the authorities then can be criticized for their actions.

It has been our contention over the years, that on the local level, especially, the people we have put in charge, so to speak, are anxious and willing to learn what the people have in mind before they make decisions that may have a far-reaching effect.

We concede, of course, that the authorities do not have to follow the guidelines set by the citizens, but we are convinced, if recommendations are made by sincere citizen groups after proper research and study, the authorities will listen well.

There are so many areas of concern in which the City Council needs guidance, we know the councilmen are anxious to learn what the people think about them.

of the kennel.

And really, Webster was not much help: "DECIBEL--(dB)--a unit used to express the intensity of a sound wave, equal to 20 times the common logarithm of the ratio of pressure produced by the sound wave of a reference pressure, usually .002 microbar or 1 microbar"....

What was that again?

"AMBIENT -- completely surrounding; encompassing... ambient noises--moving freely; circulating"....

Now, as we were saying---

-0-

ANOTHER CONTROVERSIAL item that is giving the city fathers cat-fits (we thought it was only fair to call it that because we have devoted so much time to dogs), is the city's amended sign ordinance which will be on the City Council's agenda at the next meeting on Monday, February 26.

The amended ordinance, as recommended by the Planning Commission, would prohibit freeway-oriented signs.

However, before the ordinance is adopted, it is expected that there will be some vigorous discussion at the council level and it is doubtful that the modified ordinance will win unanimous support.

But there is nothing wrong with having a difference of opinion on the sign subject and we appreciate the councilman's position.

Frankly, we are glad they have to make the decision and not us.

We haven't the slightest idea how we would vote.

Speaking of signs, the dramatic "peace on earth" atop The Towers which went up before Christmas, of course, has only a temporary status and does not meet the city's specifications for signs.

However, the powers of The Towers have asked that, in view of the situation in the world today, they be allowed to let the lighted sign with idealistic message stay on longer.

Can you imagine the city turning down a request like that?

-0-

SIGNS GENERALLY cause the problems after they are up or when the request is made to put 'em up.

Yet at the City Council meeting the other night, Mayor Bill Podgorsek expressed concern because a sign didn't exist.

He said that the city's headquarters fire station on Sunnyoaks had no marking to designate what it was.

He thought there should be some sort of a sign to call attention to the fact that it belonged to the City of Campbell.

After all, he pointed out, the taxpayers did have a considerable investment in the edifice.

Something more than $300,000, he added.

Of course, any sign would have to meet the specifications of the new ordinance whatever they might be.

Of course.

-0-

THERE ARE 15 CITIES in Santa Clara County.

Recently all the Democratic mayors were invited to a bash in San Francisco sponsored by supporters of Mayor Joe Allioto, who expects to run for governor.

We thought that was sort of interesting, in a political or statistical sort of way. You see, the cities in the county were pretty well represented.

We will let you guess.

But it seems there aren't many REPs in the mayors' chairs in these parts at the present time.

Try naming 'em, just for kicks.

Of course on the city and county level, candidates do not use the party tag when they run for office.

But the word does get around.

-0-

FROM THE NAME'S-THE-same department... We learned recently that Sgt. Don Dore' of the Campbell Police Department has a cousin in the town by the same name.

Wouldn't it be fun to watch the reaction of whoever gets the tickets after the cops turn 'em in, if Sgt. Dore' should ever cite his cousin, Don Dore.

They would think that the sergeant had flipped.

For the record, that Dore' is not pronounced like the "door" one closes and opens, in case someone wanted to say something smart like it would be an open and shut case if two Dores were involved.

You see, it is pronounced Dor-RAY.

Next case, please.

NEW OFFICER --- Thomas Pardoe, 24, a former member of the Campbell police reserves and a graduate of Campbell High, has been appointed to the Campbell Police Department. He holds a B.A. degree from San Jose State and with his wife, Gloria, resides in San Jose.

Park visitors can obtain 'passports' at post office

"Passports" to outdoor recreation are now available at the Campbell Post office, according to A. Glen Knowles, officer-in-charge.

The "Golden Eagle" and "Golden Age" passports are of wallet-size calendar-year permits which entitle the bearer to general admission to national parks and recreation areas having entrance fees.

The Golden Eagle costs $10. The Golden Age is issued without charge to anyone 62 years of age or older.

Issued by the U.S. Department of the Interior, the cards are particularly useful to families touring the National Park System, Glen Knowles said, because they trim entry costs.

The "Golden Eagle" allows the bearer and those with him in a private, non-commercial vehicle to general admission to parks and recreational areas.

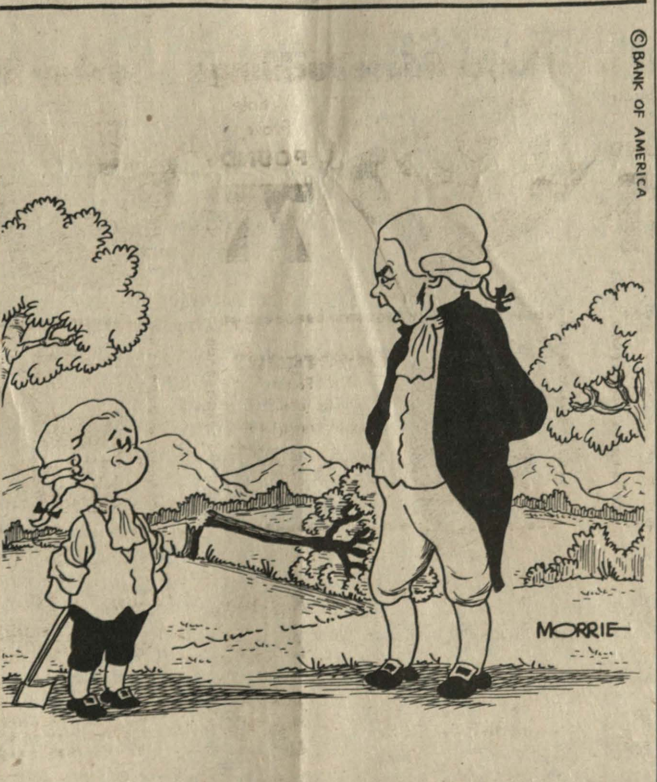
The "Golden Age" also offers admittance and, in addition, entitles the bearer to use special recreation facilities within the system at a 50% cut in the daily use fees.

Those requesting "Golden Age" passports must provide proof of their age. Both permits are non-transferable.

A fact sheet, which includes the 1973 list of federal entrance fee areas where the passports are valid, also is available at post offices.

Issued nationally, the passports also can be obtained at Forest Service headquarters and National Park service headquarters in Washington, D.C., National Forest Regional offices, National fee parks, and at a number of other federal recreation areas.

ECO-LOGIC



"I APPRECIATE YOUR HONESTY, GEORGE, BUT YOU'RE NO CONSERVATIONIST!"

Cambrian district plans education goals program

Trustees of the Cambrian School District have voted unanimously to adopt a plan for developing educational goals with the cooperation of teachers, students and parents.

The plan was described by D. M. Bagby, superintendent, who stressed the importance of moving the schools into a position of accountability for meeting goals approved by the community.

The board selected 10 home and school club presidents, 10 teachers from each of the district's ten schools, three administrators, two classified personnel and a member of the board to serve on an interim steering committee. This interim committee will be ratified by the School Board at its February 27 meeting. It will be charged to set the exact process for goal setting.

In other business before the board, a resolution to apply for a Title III project entitled SPARK, a study of perceptual, auditory, visual, motoric remediation in kindergarten.

Supt. Bagby recommended that no dismissal notices be issued for the next school year. Bagby noted that enrollment decreases will be absorbed by attrition. The trustees adopted Bagby's recommendation.

A report on the volunteer teacher aide program that is going on in the district's schools revealed that some 110 volunteer parents help teachers in the Bagby School in one week. There are 275 student volunteer teacher aides.

CONFLICT?

In the recent "Santa Clarion," Santa Clara Council Boy Scout newsletter, one announcement was a real eye catcher.

"Due to conflict," the announcement read, "the Council Catholic Relationship Committee meeting has been rescheduled...."

No dispute there. Just a TIME conflict.

POLICE OFFICER --- Police Chief Don Burr (right) welcomes Ronald Bertrand, 21, as a new member of the Campbell Police Department. The new officer, who resides in Campbell with his wife, Vickie Lou, is a graduate of Westmont High School and attended Cal Poly.

GUM GALORE

Anyone spotting a bright red gum machine should return it to Avila's Shoe Repair, 1141 Hacienda Ave.

Last Wednesday while the clerk was out to lunch the gum machine was taken from in front of the Rolling Hills Shopping Center store.

LECTURE SERIES

Dr. Cyril Ponnamperuma will speak on the "Chemical Origin of Life in the Universe" February 22 at West Valley College in Campbell.

Dr. Ponnamperuma's talk is the second in the seven-week lecture series on "Cosmic Evolution - Man's Descent from the Stars," sponsored by Community Services.

MUSEUM SCIENCES

There are still several openings in a new museum science course to be offered at West Valley College during the spring semester. The course will be held on Thursday evening from 7–10 p.m.

It is designed especially to appeal to museum assistants, elementary school teachers, anthropology students and librarians.

The course will be taught by John B. Dowty, director of the San Jose Historical Museum.

Interested students may register for the course Monday through Thursday evenings from 6–7:30 p.m. in the "Hall" on the Saratoga campus.

City acts to condemn parcels

By nine separate resolutions recently, the City Council initiated condemnation procedures for parcels of property on Hamilton Avenue which are needed for the rights-of-way for the street improvement project that is scheduled for next summer.

The cost of widening Hamilton Avenue from Highway 17 to Winchester Blvd. is expected to exceed $500,000, marking it as one of the major street improvement projects in this city's history.

The resolutions were by parcel numbers and contained the legal description of each piece of property and also listed the last name only of the owners which included DiLionardo, Ferranti, Jakob, Pereria, Sutton, Hansen, Fellman, Rose and Jacobsen.

A separate resolution was adopted also for the Robert Dodge parcel on Harrison Avenue needed for the extension of the loop street.

SPECIAL TRAINING

Captain Craig S. Bradford, son of Col. Lowell W. Bradford (Ret.), 31 N. Carlyn, Campbell, has graduated from the T-38 pilot instructor course at Randolph AFB, Tex.

The captain is being assigned to William AFB, Ariz., for duty with a unit of the Air Training Command.

Captain Bradford, a 1962 graduate of Campbell High School, received his B.S. degree in zoology in 1968 from the University of Utah. He was commissioned there upon completion of the Air Force Reserve Officers Training Corps program.

SPECIALIST --- Airman First Class George W. Whitaker, son of Mrs. Valeria Whitaker of 240 Hollis Ave., Campbell, has graduated at Keesler AFB, Miss., from the U.S. Air Force radar navigation systems equipment repairmans course conducted by the Air Training Command.

Airman Whitaker was trained to test and repair navigation systems and related equipment.

TO LOWRY AFB

Airman Donald A. Dore, son of Mr. and Mrs. Ray Dore Jr., 1133 Arroyo Seco Dr., Campbell, has been assigned to Lowry AFB, Colo., after completing Air Force basic training.

The airman has been assigned to the Technical Training Center at Lowry for specialized training in the missile electronics field.

Airman Dore is a 1972 graduate of Del Mar High School.

use to the Pony League and also gives the league concession rights. The field is located in the middle of Rincon Park and includes a number of major improvements installed by the league. The city has contributed substantially to the construction of the field house and has allocated more funds to complete it. A suggestion that the field house be named after one of the league's leading donors may also be considered.

On the agenda also is a request by Sebastian's on the 18th floor of The Towers to have live entertainment. However, the Fire Department has asked for deferrment of the application until a number of deficiences the department has noted have been corrected.

GRADUATES --- Marine Pfc. Harold L. Merritt Jr., son of Mr. and Mrs. Harold Merritt Sr. of 1907 Palo Santo, Campbell, graduated from basic training at the Marine Corps Recruit Depot in San Diego.

Vandals do flood damage

Last week a Campbell business suffered damages estimated at over $15,000 when vandals broke in and flooded the one-story building.

Carpet Town owner, Ronald I. Roth of San Jose, reported to Campbell police he found the building flooded Wednesday morning when he arrived. Police and firemen found a hose attached to the building.

Total damage has not been determined but preliminary estimates set it at between $15,000 and $25,000.

The building is located at 897 E. Hamilton Ave.

Cougars Corner

by Mike Lindsey

SCHOOL ELECTIONS HELD

Camden held its ASB and class elections last Friday. The class elections were much more of a contest than the ASB elections. Both the candidates for president and vice-president ran unopposed. The ASB president is Jeff Cunningham; his vice-president is Linda Kemp. The new members of student council are Wayne Burdick, Mike Curtice, Carolyn Dinshaw, and Donna Hope.

Winners of the senior elections are Mike Whitney, new senior president, and Lynn Bonasera is vice-president. Cathy Sarsfield is the new secretary; Carolyn Utzerath, treasurer; and Gilbert Chan, Sgt. at Arms.

Rick Bender is the new junior class president. The vice-president is Greg Gleichman. The other junior officers are; secretary, Paula Snyder; treasurer, Kevin Wood, and John Barlesi is junior Sgt. at Arms.

The new sophomore class officers are Ron Scadina, president; Carol Kent, vice-president for this term. Sue Frederick is the sophomore class secretary, and Judy Gaa is the treasurer.

Chris Viduya is the president of the new freshman government, with Lynette Leist as the vice-president. Cheryl Mazur will serve as secretary while Patricia Douglass serves as Treasurer and Helene Spivak as Sgt. at Arms.

DOUGHBOY AWARD WINNER

"My friends have been giving me a hard time," stated senior John Perry by being named as Camden's 1973 Betty Crocker Homemaker of Tomorrow.

He was selected by his high score in a written knowledge and attitude examination taken by both senior boys and girls on December 5.

John said that he felt "ridiculous" on outscoring so many girls. "What I know about cooking and things like that you could put in a thimble," he laughed.

His test score is sent automatically to the state-wide competition where the top prize is a scholarship worth $1,500.

NEW FACES AT CAMDEN

Camden has two new faces this semester from the Youth for Understanding Program. The two foreign exchange students are Jorn Nielson from Copenhagen, Denmark, and Egle Tamburrino from Valenar, Chile.

Jorn has transferred to Camden from Ceres High school in Modesto. He is now staying with sophomore Patti Mitchell's family. He quit school in Denmark last year and worked as a postman to earn enough money for the trip.

He is impressed with California's climate which is much warmer than the Danish climate, where it snows from November to April.

Camden's other student guest is Egle Tamburrino who comes from the mountain province of Atacoma, Chile. She has only been in California for two weeks and hasn't yet learned to speak English, but the language problem doesn't seem to affect her.

Egle is staying with Kim Bradford. Some of the classes she is taking are Spanish, art, biology, and English.

MUSIC HITS HOME

Recently the table arrangement of the cafeteria was changed because it was felt that the previous set-up was too institutional. The other reason was that students failed to clean up the messes they made during lunch.

No one wanted to bus their trays to the opposite end of the cafeteria or to take their trash to the distant garbage cans.

"I am very pleased with the difference we have seen already," stated Mr. Ernie Lee.

The students were rewarded at the end of the first week with a rented juke box after keeping the cafeteria nearly litter-free.

The juke box will benefit students before and after school, during independent study, and at both lunches.

Approximately ten records will be changed every two weeks.

If anyone would like to request their favorite tunes, Mr. Lee would like to know and will attempt to get those records.

If students would like the juke box to remain, they must continue to make an effort to keep their eating areas as clean as possible.

IT SURE RAINS IN NORTHERN CALIFORNIA

Between Mother Nature and Dr. Montesano, the Cougar Varsity soccer team has had a great deal of trouble getting any of its games played.

After several games had been cancelled due to rain and the Cougars were beginning to feel their season would run into early June, a rain or shine agreement was put on the Del Mar game. The Don's arrived and after warming up in the pouring rain and becoming soaked to the skins, Dr. Montesano looked out his office window which unfortunately overlooks the GAA field across from the Cougar field. Disturbed, he placed a call to Mr. Crawford, who informed the, by now, drenched but anxious players, that the game was off.

On Friday, February 2, the soccer team managed to slip a game in against the Falcons on the Saratoga field. Where was Mother Nature or Dr. Montesano when we needed them as the very impressive Falcons slipped by the Cougars 3-0. Although the loss dropped their season record to 2-2 they are still very much in the running and there are still several games to be played.

Campbell teachers attend 'brainstorming' session

Two Campbell teachers recently returned from a trip to Boston, Massachusetts where they met with other instructors to finalize plans for a new educational program to be initiated here next fall.

John Pimentel and Ron Spangler, both teachers at Rolling Hills School, attended the Unified Science and Math for Elementary Schools (ESMES) evaluation meeting last week.

Spangler teaches science and health at the junior high school while Pimentel is an industrial arts instructor.

Termed, "an exciting new program," by Art Ring, curriculum coordinator for Campbell Unified School District (elementary), the program has developed eight unit courses to date which make the instruction especially relevant to the student's everyday life.

Ring gave an example of one of the courses offered recently in Boulder, Colorado, that helps explain the course concept. In the offing, "Pedestrian Crossings," students visited one of the busy intersection areas of Boulder. During the term they made pedestrian and auto counts and rated the efficiency of the prior traffic controls. At the end of their study they compiled a plan which was presented to the city council. "Today," Ring said, "there is an overpass at that crossing."

The ESMES program hopes to develop 50 units of study ultimately, according to Ring. The areas of study will be in math and science, including natural and social sciences.

UP, UP AND AWAY---Campbell teachers Ron Spangler and John Pimentel are shown above checking their itinerary last Friday shortly before they left for the San Jose airport for their flight to Boston, Massachusetts. The two were among teachers from throughout the country who attended a "brainstorming session" to finalize plans for a new educational program.

L.L. Minors tell sponsors and managers

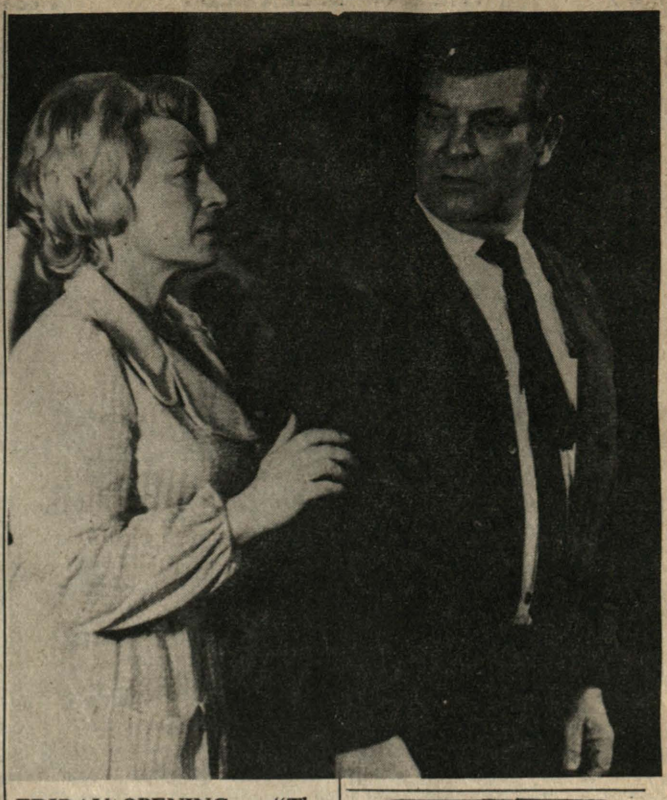
Campbell Little League Minor director Rick Tucci has announced that 10 managers have been secured for the coming baseball season. Two more managers are needed to complete the league.

The 12 teams will be divided into two six-team leagues. Returning managers from last season are Jack Murdick, Bill Stouffer, Rick Rixman, Fred Pennewell and Dan Watt. New managers are Jim Trees, Joe Alvarez, Dale Lucas, Bruce Crowely and Bill Walsh.

Sponsoring the Minor National Division will be Winchester Theater, Campbell Kiwanis, San Jose Optimist, 7th Street Tires, Doetsch Building and J.J. & R. Shoes. Sponsors in the American Division are Campbell Optimist, Campbell Rotary, Round Table Pizza, Sir Speedy, John White Ins. and Campbell Press.

FEBRUARY 21:

On this date in 1924, airmail was flown by Carl Eielson from Fairbanks to McGrath, Alaska.



FRIDAY OPENING — "The Subject was Roses," the Frank D. Gilroy prize winning play, opens Friday, February 23, at Actors Repertory Theater, 249 S. Second St., San Jose. Pictured above are Jean and Frank Parker, two of the lead players in the production. Curtain time is 8:30 p.m. For further information phone 297-4797.

DOUBLE THE PLEASURE--- Mothers of twins are invited to the Saturday, March 3, Friendship Tea of the Santa Clara County Mothers of Twins Club. The tea will be held from 1 to 3 p.m. at the Security Savings Building, Camden and Leigh avenues, San Jose. Pictured above are two-year-old Shawna and Dawna Pancharian, daughters of Mr. and Mrs. Gary Pancharian, 246 Echo Ave., and four-year-old Todd and Rolf Cockrum, sons of Mrs. Helen Cockrum of Monte Sereno.

LOCAL PERFORMANCE --- The controversial group, "Jews for Jesus," is appearing at Covenant Orthodox Presbyterian Church this Sunday, February 25, at 6 p.m. The church is located at 3980 Williams Road, San Jose.

Passing the Buc

By Lynne Hermle

"I think people voted for the candidates they felt would do the best job, instead of choosing on the basis of popularity," announced Brenda Hilbun, new student councilman for Campbell. Brenda and Jim Oswald were chosen by the student body on Friday to fill in previously vacant council seats. Gary Romeo was elected president of the council in the same election.

"I hope we can get a lot of things done," she smiled. "Right now we're working on revising the school constitution." General opinion around school this year has been that council hasn't accomplished much lately. Maybe we'll see some action soon.

WONDER WRESTLERS

Tim "Terrible Temper" Wheeler and Dan Donecho will be representing Campbell in the C.C.S. Regional II Wrestling Tournament. Tim placed second in the league last year in his weight division (95 lbs.) and first this year. Dan took a first last year and placed second this year in the 120 lb. division.

"I feel that we were shafted this year by the Campbell Administration," Tim said. "We needed new uniforms that we didn't get. Some people were upset at the lack of attention wrestling got this year."

A current rumor on campus is that Paul Cunningham, former Campbell wrestling and track star, may be hired as a wrestling coach next season.

RIGHT ON! To the Campbell Administrators who have passed a bill (or rule, or whatever) approving arena scheduling to be put into effect next year. This will allow students to chose their teachers and periods for the subjects they wish to have. This system is also known as "Triple S" (Students Self Scheduling) and will enable the students to set up their schedule at home. Sign-ups will be taken in the summer.

For more information, see the February 31 issue of the Campus Echo.

W.D.D.F.Y. AWARDS OF THE WEEK
(Whoop-de-doo for you, that is)

To Terry Greenshields, Chuck Lowe, Dale Levandowski, and Dave Buell for being chosen to represent Campbell in the Bank of America Awards program....

To the F/S basketball Bucs for working their way out of a discouraging loosing streak....

The Song girls, Flag girls and Pirettes who each took first place at a recent spirit competition....

To all you lucky bums (and clever bribers) who received all A's this semester....

To the Campbell Speech Club for sweeping an I.E. Tournament....

OPEN MOUTH OVERFLOWS

Well, Westmont, you've done it again. Unanimous opinion at Campbell this week seems to be that the last Open Mouth has indeed Runneth Over. I refer (quite disdainfully, as a matter of fact) to your last column in which you published a short, but potent account of the "Campbell Varsity Dribblers." For someone who signs herself "Ms.", Maureen, that has got to be one of the most chauvanistic columns ever written. For those of you who missed it-- the column featured a description of each of the Campbell Varsity team by number. For example, No. 40--Real Yuck; No. 30--Weird. Three team members were lucky enough to be described as cute, although one of them was informed that he was too short.

I fail to see what purpose this article served, except maybe to alienate a few more people. Obviously, Westmont readers would not be able to tell who the players are by their numbers, and I can't see that they would be interested anyway. The only people who would know who's who would be Campbell fans, and surely we're all old enough to make our own judgments, Maureen and Robbie?

And it might amuse you to know that most people don't come to the games to look at the player's "weird socks" or even to decide that No. 42 is "All-American straight A." Better luck next time. But I guess that if it was attention you craved, you sure got it.

SIGNING OFF

To end on a pleasanter note--thanks to the Mystery Person who sent me a carnation on Valentine's Day. (Yes, I know you all think it was my mother!) However, it did make my day a little brighter. Now if Mrs. Bryant would just make those Algebra II tests a little easier....

Women voters launch drive

February is Finance Drive month for the League of Women Voters of Central Santa Clara Valley, according to league spokesmen.

The non-profit, non-partisan service organization sponsors projects of voter education and registration, among other activities.

Some of the services include; the "Facts for Voters" booklet, election extras for the June and November elections, voter registration drives, a Speakers' Bureau on ballot issues and four weekly public information programs carried by local television stations.

A new service initiated in 1973 is a local subscription service to business firms providing fact sheets on governmental issues.

Businesses or individuals wishing to contribute funds to the organization are urged to send them to the league's finance chairman, Patricia Barfield, 12660 Gina Ct., San Jose, 95127.

Grange News

by Alfrieda Van Nattor

Orchard City Grange 333 met February 13 at the Grange Hall, 109 N. First St., with Overseer Ed Terrell conducting the meeting. Master James Arnold and wife Ellen were in Las Vegas attending the funeral of his brother-in-law.

Lecturer Charles Carter presented a short valentine entertainment with Myrtle Rhinehart and Fred Johnson taking part...each officer received a valentine which they read aloud.

The charter was draped for five members who have passed on within the last few weeks. They were: Anna Hedigard, Goldie Taylor and Brothers Reed Morrill, Ed Arnott and Guy Proctor. Soloist Myrtle Giesel sang two appropriate hymns with musician Virginia Rutherford at the piano.

During this bad weather several of our members are ill. Those reported ill recently are: Helen Larson, Bessie Merrill and Evelyn Jones. We wish them a speedy recovery.

Minnie Blend is recovering from the flu and Herbert Shadle is much better.

Announcements were made during the meeting of coming events. Monday, February 19, 11 a.m. to 12:30 p.m., the annual "Old Settlers Luncheon" and entertainment takes place. Donation is $1.50. This is put on by Orchard City Grange ladies at the Grange Hall, 109 N. First St., Campbell, with Sister Carol Bartholomew the chairman. Invitations have been sent out for those who have resided in Campbell 40 years or more.

Next meeting of Orchard City Grange 333 will hold initiation for several candidates.

Those who wish to take the Fifth Degree which is Pomona Grange, may do so March 3 in the Gilroy Grange Hall, Gilroy, at 8 p.m.

Following the meeting members enjoyed refreshments prepared by chairmen, Mamie Benevento, John Benevento, Ruth and Richard Smith, Robert Lear, Edna and Dell Bosio. A social hour followed.

GRADUATES

Navy Construction Apprentice Dan P. Hellevig, son of Mr. and Mrs. Dan Hellevig of 1429 Westmont Ave., Campbell, graduated from recruit training at the Naval Training Center at San Diego.

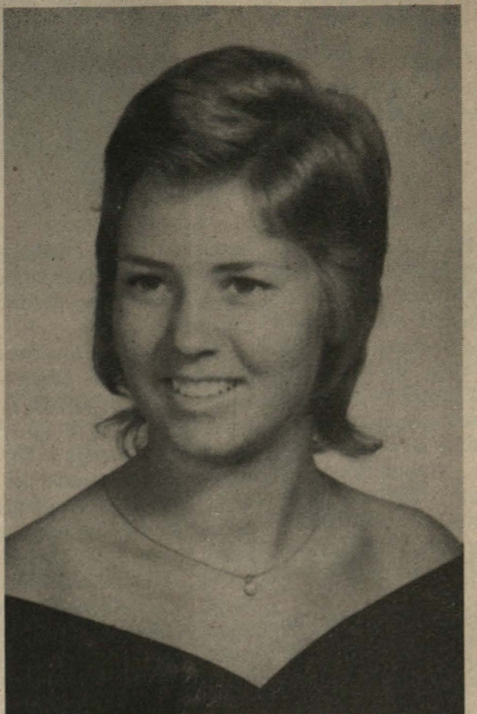
Summer wedding planned

Mr. and Mrs. Ray Dyer of Campbell have announced the engagement of their daughter, Linda Cheryl, to Lloyd Michael Gustaveson, son of Mr. and Mrs. Lloyd M. Gustaveson of Santa Clara.

An August 11 wedding is planned at the Oakland Mormon Temple.

Linda, a 1972 alumna of Campbell High School, is a student at West Valley College.

Lloyd, a 1971 graduate of Buchser High School, is also a student at West Valley and is employed by Stan's Cyclery in Cupertino.



LINDA CHERYL DYER

Two Campbell girls named to homemaker state finals

Janet Cutler of Campbell High School and Charlene Vernon of Westmont High have been named local winners in the Betty Crocker Homemakers of Tomorrow competitions being held throughout the country.

Each will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow, and remains eligible for state and national honors.

The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging centering on results of the December 5 test, will receive a $1,500 college scholarship. A 20-volume reference work, "The Annals of America," will also be presented to the state winner's school by Encyclopaedia Britannica Educational Corporation. The second-ranking student in the state will receive a $500 scholarship.

In late April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia -- each accompanied by a faculty adviser -- will gather in Washington, D.C., for an expense-paid educational tour of the capital city and Colonial Williamsburg, Va. Personal observation and interviews during the tour will be added to state-level judging results in the selections, to be announced at a dinner in Williamsburg, of the 1973 Betty Crocker All-American Homemaker of Tomorrow and three runners-up.

Scholarships of the four national winners will be increased to $5,000, $4,000, $3,000 and $2,000.

Albert Wilson speaks here

Asking the botanical question, "Where did the frost nip you?," Albert Wilson, columnist and television gardener, will lecture at Villa Montalvo's Carriage House, Thursday, March 8, 7:30 p.m. on "Your Garden, Spring 1973."

The lecture will feature Wilson's insights into the world of perennials, annuals, semi-annuals and conifers which have been ravaged by frosts this winter.

Sponsored by the Montalvo Garden Committee, "Your Garden, Spring 1973" will be followed by dessert and coffee. Tickets are available at the door.

Phone 867-3421 for further information.

"Little Miss" pageant set

"Thank Heaven for Little Girls," is the theme of this year's California Little Miss Pageant to be held Saturday and Sunday, March 3 and 4, 7:30 p.m. at the Fiesta Hall, Santa Clara County Fairgrounds.

Girls aged nine through 12 from all over the state will be judged on talent, visual poise, personality and photogenic appeal.

The Pageant will feature Becky McCord, present California Little Miss, Carol Anderson, Miss Santa Clara County, Nancy Maloney, Miss Santa Clara County 1971, and the East-West Band.

Contestant applications and ticket information may be obtained by calling 923-6313, or writing California Little Miss Pageant, 171 Hostetter Road, San Jose, California, 95132.

OUR TOWN

by JoAnn Zoller

The rain stopped and clear skies were again a welcome sight in our town, giving evidence of spring soon to come.

Especially happy for those sunny skies were members of the FIRST BAPTIST CHURCH of Campbell who held a youth rally picnic last Saturday afternoon at Vasona Park....

CAMPBELL MOOSE were on the move again this weekend with a mid-winter conference held at Del Webb's Townhouse in Fresno. Coming up next on their agenda--a steak and lobster feed this Saturday night at the Lodge Hall....

Sgt. BILL BOTHMAN, son of Mr. and Mrs. RICHARD BOTHMAN of Montezuma Drive, returned February 4 from a 30-day tour of duty in Vietnam. This was Bill's second tour in Vietnam. The first time he was there 18 months. Sgt. Bothman is now stationed in Tucson, Arizona....

Metropolitan Adult Education Program art instructor, ERNEST FARIAS of Campbell, was surprised recently when he attended a dinner given by the Bay Section of the California Council of Adult Education. He received a special award for his "Outstanding Contribution to Adult Education." Farias has been with Adult Ed. for 10 years....

Speaking of surprises, HANK MESTICE was in for a big one Saturday night when wife JAN hosted a surprise birthday party for him at their home on Payne Avenue. Among guests enjoying cocktails and the buffet dinner at the Mestice residence were former Campbellites Dr. and Mrs. Steven Peck. The Pecks now reside in Pleasanton....

MORE happy husbands....

The husbands of the members of the WEST VALLEY FEDERATED WOMEN'S CLUB had a special treat this Valentine's Day when the ladies hosted their hubbies to dinner at the Brave Bull and a showing of the movie "Man of La Mancha." Following the theater festivities was a champagne dessert at the home of FRAN SCHRODER, motion picture chairman for the club.

SOMETHING NEW!

A welcome addition to the girls P.E. Department of CAMDEN HIGH SCHOOL has been the recent gift of new swim suits donated by the CAMDEN BOOSTERS CLUB and the P.T.A.

TREASURES

If you're in the market for some undiscovered "treasures" you'll not want to miss the sale this Saturday, February 24, 9-3 given by the Women's Fellowship of the Campbell Congregational Church. The sale will be held in the church's Fellowship Center, 400 W. Campbell Ave. Along with the treasures will also be a bake sale sponsored by the church's Learning Community youngsters who hope to raise enough funds to "adopt" an American Indian child.

GRANGE BREAKFAST

Orchard City Grange 333 will serve breakfast Sunday, February 25, from 9 a.m. to 2 p.m. at the Grange Hall, 109 N. First St., Campbell. The breakfast is open to the public.

PHARMACY PHACTS

By Allan Blaine

Many doctors now say that sterilizing bottles for babies' formula is not necessary if you make up each bottle separately just before feeding time.

* * *

There is plenty of evidence that loud noises such as amplified music can cause temporary and permanent hearing loss.

* * *

Before you start any exercise program, doctors recommend a complete physical check-up.

* * *

There is no drug that will undo changes in bone and cartilage caused by arthritis, but an effective painkiller will bring sufferers some relief.

* * *

Safety warning: the "banana seat" with hi-rise handlebars, now a fad on children's bicycles, encourages the dangerous practice of riding double.

* * *

When your doctor prescribes the best, we do the rest, at the pharmacy with the "bedside manner."

TALKING DECOR---Councilman Rusty Hammer listens intently as Don Owens, second from right, discusses his decorating scheme with Lorinda Bartlett and Dick Holmes. Owens decorated the models for the Age of Aquarius townhouses, new development of AVCO Community Developers which opened recently near San Tomas Expressway at the end of Latimer Avenue. Holmes, construction superintendent, Hammer and Miss Bartlett were on hand for a grand opening of the townhome models which feature rustic wood architecture in a variety of exterior designs including wide areas of common green and a recreation complex.

ENJOYING SURROUNDINGS---Local public officials were feted recently at the opening of AVCO Community Developers' new townhouses "Age of Aquarius" on Latimer Avenue. Left to right are Don Hebard, chairman of the Campbell Planning Commission; Mayor Bill Podgorsek; Bob Stephens, city manager; Rusty Hammer, councilman; Art Kee, planning director; Ken Bartlett, director of marketing for ACD and Len Edholm, manager of the Campbell Chamber of Commerce.

Quick Food is dessert topic

The Women's Association of the Immanuel United Presbyterian Church will hold an evening dessert meeting at 8 p.m. Tuesday, February 27, at the church, 3705 Payne Ave.

The program will feature a representative from the Golden Grain Macaroni Company who will speak on "Quick Food for Busy People." Persons attending will be given a sample of the company's products and the representative will explain the gift star coupon plan.

The evening meeting has been planned in order that working women may also attend.

Child care will be provided at 50-cents per child.

"PIRATES" REPEATED

The Gilbert and Sullivan Society will repeat "Pirates of Penzance" on Saturday, February 25 at 8 p.m. at the Santa Clara Blind Center Auditorium. Tickets for the show may be reserved by calling 267-3355 or can be purchased at the door. The show was performed last weekend and is being performed again Saturday to accommodate many additional requests for tickets.

FASHION SHOW

The Women's Service Club of Campbell will meet Wednesday, February 28, at 1 p.m. at the home of Mrs. George Van Sickle on Leigh Ann Place, to discuss final arrangements for their annual fashion show and tea.

The meeting will be conducted by Mrs. Floyd Arnold, president. Co-hostesses will be Miss Ruby Howes, Mrs. J. H. Peterson and Mrs. Harold Strickland.

This year's fashion show is titled "Daisies Won't Tell" and will be held on March 21 at the First United Methodist Church at 1 p.m.

Tickets are now available and may be obtained by contacting Miss Howes, 377-2572 or Mrs. L. Ben Howard, 378-3586. Proceeds will go to benefit the community.

WINNER --- Bonnie Shofner smiles proudly after winning Best of Show with her inspirational painting "Jesus" at the Campbell Artist Guild's Annual Juried Show. Other winners were, in traditional oils, Fred Clausen, Claudia Tillman, Geneva Heald, Ruth Earl, Mel Flitcraft and Jac Flitcraft. In contemporary oils winners were Luba Haug, Etta Lewis and Wreatha Tollefson. Sara Wood won in watercolors and Wreatha Tollefson took the honors in mixed media. The show continues at the Los Gatos Art Association, 21 University Ave., Los Gatos, through Saturday, February 24.

Coed receives nurse's cap

Vicky Lynn Bunnell is one step closer to her R.N. degree following traditional capping and dedication ceremonies held recently at Pacific Union College (Napa County).

She is the daughter of Mrs. Doris Reynolds of Campbell.

Following the end of this school year in June, Vicki will continue further study on Pacific Union College's extended campus at the Glendale Adventist Hospital in Southern California.

FAITH AND JUSTICE

The Women's Society of Christian Service of the First United Methodist Church will hold their second meeting in a study on Faith and Justice.

A speaker from the Santa Clara County Sheriff's Department will speak on some of the areas of injustice in our community and what is being done about them, as seen from the viewpoint of law enforcement.

The meeting will be held February 22 at 10 a.m. in the church's Fireside Room, 1675 Winchester Blvd.

DEADLINE NEARS --- Three charming Santa Clara County girls (left to right) Tammy Macias, 12, San Jose, Laura Burgess, 11, Saratoga, and Denise Pappas, 12, San Jose, join Becky McCord, California Little Miss, in discussing regulations for the 1973 California Little Miss Pageant to be held at the Santa Clara County Fairgrounds, March 3-4. Deadline to enter the pageant is February 26. Contact California Little Miss Pageant, 171 Hostetter Road, San Jose, CA 95132 or phone 923-6313.

Soloist performs at annual Country Woman's tea

Nostalgic music, by soloist Mrs. Richard (Rita) Field, accompanied by Mrs. Jack Atwater, will entertain the members of the Country Woman's Club of Campbell when they meet for their annual Birthday Tea on Monday, February 26.

The club was organized in 1905 to foster a library for Campbell and aid community and educational projects.

The meeting place is the Fellowship Hall of the Congregational Church of Campbell, 400 W. Campbell Ave., at 1:00 p.m.

Chairman of the day is Mrs. Frank Meiss, assisted by Mrs. Dean Chamberlin, Mrs. Frank Jacobson, Mrs. J. E. Giacomazzi, Mrs. F. A. Ellis, and Mrs. C. W. Shockley.

Don's Dispatch

by Kathy Navarra

To the casual observer, Del Mar High School is just what the name implies - a high school. But if you take a longer look, you'll find a lot more is going on than just six classes a day.

Sports-wise: Del Mar's fantastic basketball team is still up on top with only two more league games to go. Once again, the WVAL No. 1 position is occupied by the mighty Dons.

Papa de Run, de Run was the featured band at a special assembly on Tuesday, February 13. Mr. Gillespie proved successful again with another great theme day, this time it was "Surf Day." On Thursday night, there was a concert enjoyed by many. The surfing band again provided entertainment.

The annual Senior Ball is only two weeks away from this writing. This year the seniors present "Stairway to Heaven." The dance will feature the well-known band, Gropus Cackus. Formal dress is required for the evening. It will be held at Sunol Country Club, with the afterball at a local bowling alley. All seniors will be looking forward to March 2 at 9 p.m.

Tryouts for the All School Play have just been completed. This year's production is Oliver! Our director, Mr. Spitzer, has claimed an extra day of rest and the cast will be announced tomorrow instead of today.

That's about all the news at Del Mar for the week.

As you can see, it's not just six classes a day.

Luoto's, 2369 WINCHESTER
OPEN MON. NITES FOR DINNER

BENEFIT DANCE

The Youth Council of St. Lucy's Church is hosting a benefit dance March 3, 8-11:30 at Kennelly Hall, Winchester Blvd. and Budd Ave.

The proceeds from the dance will be used to publish and distribute a booklet written by Mrs. Jan Gallager for the parents of Mongoloid babies. The booklet will be given as a hand-out to parents of Mongoloid children and will also be placed in hospitals.

Tickets for the dance are $1 for advance sales and $1.50 at the door. Printing of the tickets has been donated by Straw Hat Pizza and a coupon for $1 off a pizza purchase has been printed on the reverse side. Tickets may be obtained by calling Pat McKinnon at 243-3361.

The band which has donated its services for the evening is the "Circuit."

Grandmothers honor guests

Marion Davidson, state president of the Grandmothers' Clubs, is the honored guest at the Wednesday, February 21, luncheon of two area clubs at St. Thomas Episcopal Church in Sunnyvale.

The club, which includes members from Campbell, will also be visited by Evelyn Buckmaster, state secretary; Ann Plav, state flag bearer, and Elva Anderson, state trustee.

New members are welcome

TO HELP YOU FEEL ACQUAINTED

- We believe that Jesus Christ is the Son of God.
- That righteousness is simply "rightness".
- That there is no one that is righteous.
- That through faith in Christ's death for us, God forgives our past sins.
- That through this forgiveness we can have fellowship with God, person to Person.

WANTED
FOR ROBBERY

Find these fuel wasters. By conserving energy you'll collect your reward in lower bills.

Oven that's left on.

Turn it off as soon as you're through cooking. Don't pre-heat it for broiling or for foods that cook more than an hour. Never use it to heat the kitchen (it's a mis-use of the range).

Unwatched TV sets and unneeded lights.

These culprits waste a lot of electricity if you leave them turned on when no one's around.

Water heater that's set too high.

A thermostat setting of 140-150° is ideal for most homes. If hot water is used just for baths, 110-120° is enough. Turn thermostat to "pilot" when you're on vacation.

Furnace that's left on.

Turn it down at night and when you're away. Close registers in rooms not in use.

Speaking OF taxes

Q: LAST YEAR I HAD A PATIO PUT IN MY BACKYARD. A FRIEND SAID I COULD DEDUCT THIS ON MY TAXES. IS THIS TRUE?

A—Unless you use this home as a rental unit...I wouldn't try it. Each year many rumors get started about supposed new deductions. Most are incorrect. If this is a one family home and you and your family reside there....it is NOT a deduction. However, you should keep track of costs, such as these, for the time when you sell the home.

Cost of a patio would be an improvement to the property (raising its value) and should be added to the cost of your home in determining gain on the sale.

Even in the case of a rental unit. the cost of installing a new patio would have to be treated as a depreciable capital improvement and claimed over the life of the property.

PROBLEM WITH STATE TAXES

Many taxpayers are failing to attach the state W-2 copy to their tax returns, according to a release from the Franchise Tax Board. (The reason for the W-2 is to verify amounts earned and TAXES WITHHELD from your salary.) In prior years it was not necessary to attach this form since no taxes were withheld on the state level. Beginning in 1972 you MUST attach your "copy 2-to be filed with State or City income tax return," in order to insure proper credit for taxes withheld.

NEW IRS HOURS

The Gish Road office of the Internal Revenue Service will be open on Monday evenings until 8 p.m. and from 9 a.m. to 1 p.m. on Saturdays, according to a recent announcement. In addition the phone assistance program will also be in effect during these extended hours.

DO YOU OWN A MOTORBOAT?

It is possible for owners of motorboats, airplanes, gasoline driven farm equipment.. and even gas powered lawn mowers...to receive a credit on their federal tax return of some of the federal taxes paid for gas and oil (also diesel fuel and special motor fuels).

The purpose of this provision is to return to the taxpayer part of the taxes paid for these fuels where the vehicle or equipment is for non-highway use. (Part of our gas tax goes for road improvement and airplanes, for instance, don't use public roads...intentionally, anyway.)

To claim this credit you must file form 4136 with your federal tax return.

On page 2 of your 1040 you'll see line 69 providing for this credit. The rates of credit vary according to which type of non-highway use you claim.

For instance: If you used 300 gallons of gas to power your boat during 1972 you would be entitled to claim a credit of $6 on your return.

NOTE: In contacting the local IRS office this morning I inquired about such non-highway vehicles as mini-bikes and other off-the-road sports equipment. According to the regulations quoted, if the vehicle is registered for highway use, or required to be registered for highway use, the credit is prohibited.

LEGAL NOTICE

S.D. No. 4
Project: San Tomas Exp.
Parcel No.: 2834-12 EX B

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER REQUIRED FOR HIGHWAY PURPOSES

WHEREAS, the County of Santa Clara has acquired for highway purposes certain real property no longer required for such purposes, such property being more fully described in Exhibit "A", attached hereto and made a part hereof by this reference;

NOW, THEREFORE, be it resolved that pursuant to the authority of Section 960.4 of the California Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above-described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Eleven Thousand Dollars ($11,000.00)

2. The County of Santa Clara has purchased a preliminary title report from Title Insurance and Trust Co., 110 West Taylor Street, San Jose, escrow number 321223. A copy of such preliminary title report is available for inspection at the title company. The successful bidder shall close the transaction through this escrow.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check, payable to the order of the County of Santa Clara in the amount of One Thousand One Hundred Dollars ($1,100.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check or certified check in the amount of ten per cent (10%) of the minimum price specified in this resolution. No bids shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be not less than the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the bidder on a form provided by the County.

No commission shall be paid unless there is contained in the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced in writing, states the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral), or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. In the event there is a tie as to the highest responsible bidder (written or oral), the successful bidder may be determined by lot, or by such other means as determined by the Board of Supervisors. Any sale may be cancelled by County at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days after date of acceptance of bid by the Board of Supervisors, the successful bidder shall:

(a) Pay the balance in full, or
(b) Increase his deposit to not less than twenty-five per cent (25%) of the amount of the bid by deposit with the title company referred to in paragraph 2.

The balance of the purchase price (in a maximum sum of seventy-five per cent of the amount of the bid) shall be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee, such evidence of indebtedness to be secured by a first deed of trust covering the entire parcel being sold. Such note shall be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon delivery into escrow by bidder of all documents and money provided for in (a) or (b) above, County shall deliver into escrow a deed in favor of the successful bidder.

7. The promissory note shall bear interest at the rate of seven per cent per annum.

Said interest shall be paid to County quarterly on the first day of January, April, July and October, commencing with whichever of the last-mentioned months that follows the recordation date of the deed. Each quarterly interest payment shall be computed and prorated on the basis of the unpaid balance prevailing at the beginning of the quarterly period.

A late charge in the amount of 2% of the quarterly interest payment will be assessed if interest payment is not made within 10 calendar days after due date.

The principal obligation under the Note and Deed of Trust may be prepaid in full or in part at any time without penalty. Partial payments shall be applied against the principal obligation.

8. Until the recordation of the deed to the successful bidder, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to comply with any of the provisions of this resolution shall cause the County to terminate the sales proceeding and retain the deposit referred to in paragraph 3.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California, or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property. The property will be sold on an "as is" basis.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and documentary stamp tax, shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

The successful bidder shall deposit into escrow a policy of fire insurance covering any improvements located on the property in an amount satisfactory to and naming the County of Santa Clara as coinsured.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the County of Santa Clara for the sale of property, and only after recordation of the deed. Such commission shall be paid as follows:

(a) If the highest acceptable sealed bid is submitted by a licensed real estate broker, a commission of three per cent of the purchase price. In the event of a tie between two or more licensed real estate brokers as to the highest acceptable sealed bid, the commission of three per cent of the purchase price shall be equally divided between the brokers. No commission shall be paid if the highest acceptable sealed bid is not submitted by a licensed real estate broker. In the event of a tie between a licensed real estate broker and a bidder who submits a bid and is not a licensed real estate broker, as to the highest acceptable sealed bid, the licensed real estate broker shall be entitled to a commission of three per cent of the purchase price.

(b) Three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that on April 11, 1973 at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California, 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. The Board will open all such bids at a public meeting of the Board at the hour of 10:30 a.m., April 11, 1973, at the regular meeting place of the Board of Supervisors in the County Administration Building, 70 West Hedding Street, San Jose, California, and at which time and place oral bids will be received.

BE IT FURTHER RESOLVED that the Clerk of the Board of Supervisors shall publish this resolution pursuant to Section 6063 of the Government Code and shall post a copy of this resolution on the property and at two other locations customarily used by the County for the purpose of posting public notice.

PASSED AND ADOPTED BY THE BOARD OF SUPERVISORS of the County of Santa Clara, State of California, on Feb. 13, 1973, by the following vote:
AYES: Supervisors: Mehrkens, Sanchez, Calvo, Cortese, Mc Corquodale
NOES: Supervisors: None
ABSENT: Supervisors: None
R. H. Mehrkens
Chairman, Board of Supervisors
ATTEST: Donald M. Rains,
Clerk, Board of Supervisors
APPROVED AS TO FORM:
Gerald J. Thompson
Ass./Deputy County Counsel

EXHIBIT A

All of Parcel A as shown on that Record of Survey "of the lands of the County of Santa Clara in excess of land required for roadway purposes," filed for record in the office of the County Recorder of the County of Santa Clara, State of California in Book 245 of Maps at page 18.

Saving, excepting and reserving all that parcel of land described in the Grant Deed to the City of Campbell and recorded in the office of the County Recorder of the County of Santa Clara, State of California in Book 8767 of Official Records at page 78.

There shall be no abutters' rights of access to the above Parcel A in and to the adjacent San Tomas Expressway over and across the Westerly line of Parcel A hereby conveyed in the above description.

Westmont Open Mouth

PAUL & MS. MAUREEN
(Macierz) (Hillyard)

Paul: I feel slightly idiotic talking to myself and this typewriter without the aid of Ms. Maureen, but then my colleagues Sandy Mann and Mike Lindsey talk to themselves EVERY week.

So I'm going to try to muddle through this column and make the best of it. Maureen will be back next week and we will stop experimenting with new techniques and get back to our own distinctive style. (No cracks from you, Campbell.)

ELECTION RESULTS

Westmont has succeeded in voting into the office of Student Body President it's first woman, Rachel Garcia. Rachel, a senior, has been involved in student government since she was a freshman. She has worked as sophomore secretary and on junior cabinet.

The office of vice-president is temporarily empty, as there was a mysterious mix-up on voting day. Westmont had its chance to put their choice in office on February 16, the results were not known at press time.

Don Martin is manager of student affairs, a position unique at Westmont. Don will have a lot to do with the planning of most of the year's remaining activities and will work closely with Owen Hege, activities director.

The class senators are Sherrie Baker, senior; Dave Lackner, junior; Bill Striker, sophomore and Spike Leyva, freshman.

JOCK TALK

This is going to be awkward for you, the reader, because at this writing, there are still many games to be played, but by the time you read this all winter sports will be over. So any standings are temporary.

The Varsity dribblers SMASHED the Branham Bruins Wednesday, February 14, putting the mighty Warriors in a two-way tie for second place. High scorers were Dave Gillespie, Andy Lund and Brian Howell.

The F/S squad has not managed to keep up with Varsity and lost 38-31.

Next week, we will have a sports wrap-up.

ELVIN BISHOP, COME BACK!

Last Thursday evening I went to Westmont's first and much publicized (see our latest columns) rock concert. I fully expected a total bomb. I had heard the rumors of the money being lost from ticket sales, the Bishop groups unreliability, and the total hassle of the whole thing.

The concert started on time and Jasper, the band that came as a package with Bishop, began. After five minutes I was sure Westmont had gotten a bad deal. Jasper and the light show were a disappointment. The "light show" consisted of the band playing in a splotch of either red or green light.

At 8:30 Elvin Bishop tuned up and really turned EVERY body on. The Bishop Band is really fantastic. I think that if more people had been familiar with the Bishop sound and style the concert would have been a sell-out.

I only hope that the financial straits, this endeaver put the student body treasury in, does not make another concert at Westmont an impossibility.

EGO CORNER

This week Ego Corner is given to the ENTIRE staff of the Campbell Press and especially to my partner and accomplice, Maureen Hillyard. How all these people can put up with me, and my mistakes and chronic lateness only can put their names up as nomination for saintly patience.

This column is short because everything at Westmont is pretty much in a transitional period and this is the lull before the storm. Next week, I promise Ms. Maureen will be back and I'll have somebody to talk to. A typewriter isn't exactly my idea of a perfect writing partner.

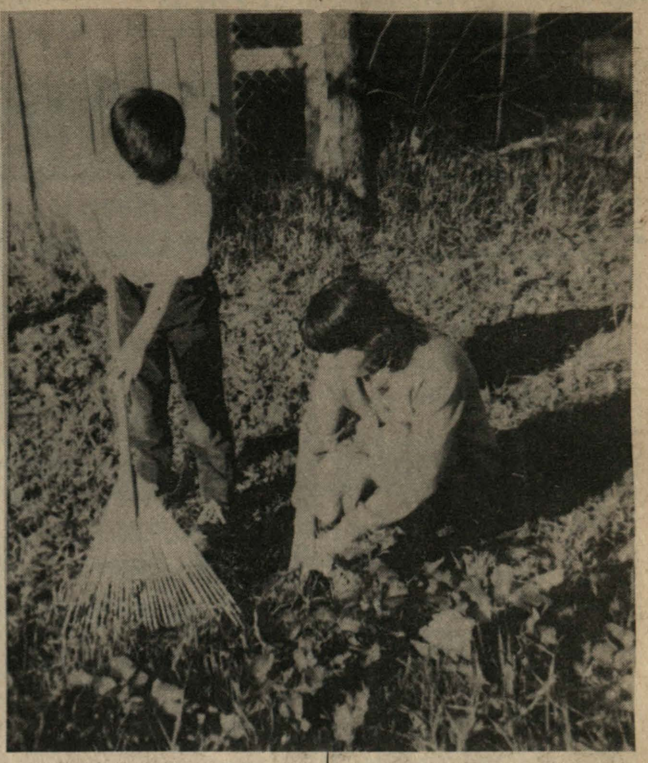
Podiatrists minister to the foot-weary

The Central Coast Podiatric Society, which at the Santa Clara County March of Dimes Walk-A-Thon last year dispensed hundreds of band-aids to walkers with blistered heels or toes, will be on hand to administer to the footsore during the second annual Walk-A-Thon Sunday, March 11.

The mobile clinic supplied by the California Podiatric College will be at Buck Shaw Stadium, which is both starting and ending point of the Walk-A-Thon, and the Podiatric Society has obtained the loan of five Hertz vans for the event.

Sponsor sheets for the 1973 Walk-A-Thon have already gone into their second printing, and indications are that there will be well over the 10,000 volunteer walkers who participated in the 1972 Walk-A-Thon.

IT TAKES TWO—Kathleen Calleja and Danielle McEfee use the same rake as they get set to begin their planting project for 1973. The two six year olds are members of the Junior Garden Club.



PRACTICE DAY—Six year old Billy Murtha and 11 year old Gina Rodrigues learn the skills of gardening. They are among Junior and Intermediate Garden Club members getting set for their 1973 project.

Campbell youngsters break ground for their garden

Junior and intermediate gardeners of Santa Clara Valley are clearing the ground for their 1973 project of the year.

Six junior and intermediate clubs will be involved in the project with a total membership of some 180 area youngsters. All will plant vegetables in their own gardens.

They are sponsored by the Campbell Garden Club. Mrs. Joseph Aversente, Santa Clara Valley District Junior and Intermediate Gardening Chairman, is serving as their gardening counselor.

Plans are also being made for the juniors to enter the Las Jardineras Garden Club flower show on Thursday and Friday, March 1 and 2 at the Leininger Community Center in Kelley Park in San Jose.

West Valley Sports

by Dick Sparrer

CNC TITLE CRUCIAL

West Valley College basketball Vikings were ranked second in the state until last week when the junior college poll had them rated sixth, right behind fifth place Marin.

The Vikings will host Camino Norte Conference leader Marin at the Campbell high gym on Wednesday at 8 p.m.

The two clubs are back-to-back in the state rankings. The Tars boast a 9-1 CNC ledger and the Vikes sit a game back at 8-2. On the season Marin is 22-3 and the Vikes are 21-4.

After the Marin game on Wednesday, West Valley comes back with a pair of games on the road, Saturday at Solano and the following Wednesday at Canada, to close out the regular CNC campaign.

An important win over De-Anza last week lifted the Vikes to their title clash with Marin. West Valley topped the Dons 61-45 in the Cupertino gym.

Tim Walsh (Mitty) of West Valley and Dan Perry of De-Anza had only two points apiece in the ballgame but both proved to be key figures in the final outcome.

Bruce Batinich (Blackford) bombed home 22 points in the ballgame to take scoring honors. Tim Tolbert (Camden) poured in 12 and Rick Hile (Mitty) chipped in 10.

Paul Boskovich (St. Francis) tossed home eight points for the winners and Enver Apaydin (Blackford) got five.

Walsh and Craig Perkins (Saratoga) hit two each.

MATMEN WIN, LOSE

The dual match wrestling season at West Valley College ended last week with the Vikings splitting in their final double dual match of the 1972-73 season, beating Canada 33-10 after falling to De-Anza 21-15.

Four Vikings won both of their matches in last week's double dual encounter. Mitch Vierra (Westmont), Mike Walker (Campbell) and Gary Russell (Leigh) each won a pair of matches in the day's action.

Two other Vikings lost to DAC but came back to beat their Canada foes. Dave Mendez (Buchser) and Kevin Locke (Buchser) won one and lost one in mat action. Dale Robinson (Saratoga) lost against DAC but came back to get a forfeit win against Canada at 190 pounds.

Brad Harrison (Campbell) and Don Arata (Peterson) both were tagged with losses in the 177 pound class against the two schools and Jeff Ulrich (Branham) lost to each team at 126.

Business Beat

WELLS FARGO BANK is expanding their Westgate office to the tune of $40,000 according to HARRY J. ZAHNER, manager. The new construction features installation of three exterior walk-up teller windows....

ALMA FANNING, long time Campbell beautician is retiring and turning Alma's Beauty Bank over to ANITA "BOOTS" LANSFORD, Rincon Avenue resident. Alma has been in business in Campbell since 1946, first with Edith Anderson at Campbell Avenue and 4th Street, then for 19 years at 311 E. Campbell Avenue and finally for seven years at 33 North First St. We wish her well....

SANTA ROSA MANUFACTURING CO. of Campbell, which has been making fire nozzles for over a quarter of a century, is working on remote controlled monitor units to be installed on new fire apparatus for the City of Syracuse, New York....

MERVYN'S DEPARTMENT STORE officials, who are opening a store in Campbell in the fall, have announced that CHARLES T. WEST, has joined their chain, headquartered in San Lorenzo, as sales promotion director....

There's a new manager at Home Savings and Loan Association at Winchester Blvd. He's ROBERT A. WILLIAMS. Former manager, CHARLES ROBERTSON, is now manager of Home Savings in Fremont.

FEBRUARY 21:

On this date in 1961, final training for the first Mercury flights began with the naming of Alan B. Shepard, Virgil I. Grissom and John H. Glenn, Jr., as astronaut trainees.

ANNEXATION & DETACHMENT

NOTICE OF PUBLIC HEARING
Before the Santa Clara County Local Agency Formation Commission

NOTICE IS HEREBY GIVEN that on March 7, 1973, at 2:00 P.M., or as soon thereafter as the matter can be heard, in the Chambers of the Board of Supervisors, County Administration Building, 70 West Hedding Street, San Jose, California, the Santa Clara County Local Agency Formation Commission will hold a public hearing to consider a proposed annexation of territory to the City of San Jose and detachment of said territory from Sanitation District No. 4. A copy of the annexation application and a copy of the detachment application, together with property description and map, are on file in the office of the Commission, Room 524, County Administration Building, 70 West Hedding Street, San Jose, California.

Said proposals have been designated as: HAMILTON NO. 37.

The territory involved is generally located as follows: East side of Meridian Ave. between Willow Brae Ave. & Alto Glen Dr.

ALL INTERESTED PERSONS may appear and be heard at said time and place. Written communications should be filed prior to the date of hearing.

Youths must submit entries for science fair by March 1

Sixth through twelfth grade students throughout Santa Clara County are now in the final stages of polishing their science projects to meet the March 1 deadline of the Thirteenth Annual Santa Clara Valley Science Fair.

The Science Fair, which drew thousands of visitors last year, will be open to the public, free of charge, on March 31, at the Santa Clara County Fairgrounds.

Supported by contributions from leading firms and industries in the Santa Clara Valley area, the Fair has two major divisions: biological science and physical science. Invitations to the judges are in the mail, the judges being asked to lend their skill and competence to judge the 12 categories of the two divisions.

The Fair is designed to encourage students and to recognize them for work well done in science, and to promote their interest in science and scientific fields. Competition is by grade level.

Each paper and project must be accompanied by a registration form, which can be obtained by students from their science teacher. Completed forms, science art and technical papers should be sent to: Mrs. Henry Severin, Manager, Santa Clara Valley Science Fair, 22570 San Juan Road, Cupertino, Ca. 95014, by the deadline, March 1.

Rare gems and fossils displayed at Gem Show

Gem-bo-ree-73 is the title of the Santa Clara Valley Gem and Mineral Society's seventeenth annual gem show to be held at the Santa Clara County Fairgrounds on Tully Road, Saturday and Sunday, February 24 and 25.

This year's show will feature hundreds of displays of gem and mineral treasures from around the world. Among the exhibits will be exquisite hand-crafted jewelry of gold, silver, and every variety of gem stone.

Also featured will be displays of mineral collections, fossils, crystals, and carvings fashioned from precious and semi-precious gem materials such as jade, opal and agate.

Special features will include: a cabachon display from member clubs of the California Gem and Mineral Federation, an exhibit of the "Great Seal of the United States" skillfully fashioned from gem stones, a complete dinner table cunningly set out with rare dishes made entirely from natural gem stones and an action display of all of the activities of a field trip where the members of a "rock club" are depicted in miniature.

The show will be held in the Pavilion Building at the Santa Clara County Fairgrounds and will be open from 10 a.m. to 9 p.m. on Saturday and from 10 a.m. to 5 p.m. on Sunday.

Admission is by a donation of 50-cents for adults and children are admitted free when accompanied by an adult.

City wins top award

For the second time, the City of Campbell has gained statewide recognition for its annual financial report as prepared by Jeff Whittaker, the city's finance director.

The City of Campbell this past week received a "certificate of merit" from the California Society of Municipal Finance Officers, one of six awarded in the state.

The award was for the annual financial report compiled by Whittaker on June 30, 1972.

The city's report in 1971 had received recognition from a different agency.

Campbell man honors wife with billboard

Over four months ago John McKinzie began plans for his wife's 30th anniversary gift. This past weekend the fruits of his labors were in plain sight for all the world to see...on the Foster & Kleiser billboard at Winchester and Payne avenues.

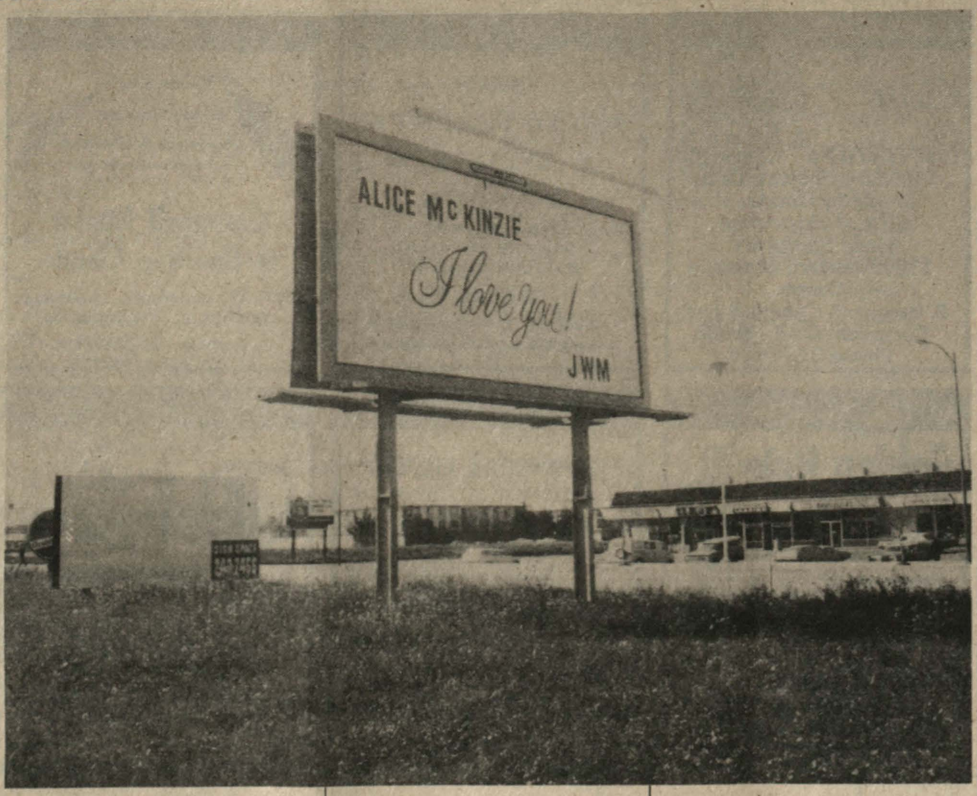
On their anniversary last Friday John, a sales representative for a tobacco company, returned from a trip to Fresno and visited his wife at work. Alice McKinzie is a card buyer for a book store. Instead of going for coffee at the local coffee shop he took her to the shopping center for the "surprise."

"To me it looked as if you could see that sign for miles," McKinzie said, "but she didn't see it." When she finally spotted it, he said, her first reaction was embarrassment, then joy.

Reaction from friends has been mixed, McKinzie says. "The ladies think its great," he says, "and the men say "I'm going to get you for that:"

In order to rent the sign for the four day period McKinzie had to first contact the billboard company and then get an agreement from the present renter, the Blue Chip Stamp Company, to relinquish it for that period.

The McKinzie's have two grown daughters. Their home is at 3075 Fireside Drive.



FOR ALL THE WORLD TO SEE---Alice McKinzie got a special anniversary present last week. Prominently displayed on a billboard at Winchester and Payne Avenues was the message pictured above.

Obituaries

WILLIAM E. STAGG

Services were held last Friday for William E. Stagg, 47, who died in a Los Gatos hospital on February 13 after a brief illness.

Stagg, 829 Loyalton Dr., was employed as a machinist for a Cupertino electronics firm. A native of New Jersey, he had lived in the county for the past 15 years.

Surviving are his wife, Kathryn Stagg of Campbell; daughters Claudia and Colleen Stagg, both of New Jersey, and Ruth Morgan of Illinois and a son, Frank Breslen of San Jose. He was the brother of seven and the grandfather of six.

Burial was at Oak Hill Memorial Park.

GEORGIA A. PAYNE

A 25 year resident died on February 14. Services for Mrs. Georgia A. Payne, 90, were held in Oak Hill Mortuary's Chapel of Roses last week.

Mrs. Payne, a native of Arkansas, was the widow of Thomas V. Payne. At the time of her death she lived with her daughter, Mrs. Ruth Wilbanks, at 1155 Hazelwood Avenue.

Other survivors include sons Joe and Tal Payne of Campbell, Alfred Payne of Coalinga and Dewey Payne of Oklahoma; daughter Mrs. Dovie Baxter of Santa Rosa; 11 grandchildren, 18 great-grandchildren and three great-great-grandchildren.

OLIE O. TUNTLAND

Services will be held today for Olie O. Tuntland, 82, who died here on Monday, February 19.

He was the husband of Florence Tuntland of Campbell, father of Marshall E. Tuntland of Long Beach, John O. Tuntland of Riverside and Mallin Sisemore of Campbell. Other survivors include seven grandchildren and three great-grandchildren.

Tuntland was a native of Stavenger, Norway.

Darling-Fischer Chapel of the Hills is in charge of today's 1 p.m. service.

The white truffle, found mainly in Italy, is believed to be man's most rare and expensive food, bringing more than $100 a pound.

CAMPBELL MAN HONORED---B. L. Margherone of Campbell was one of three Lockheed Missiles and Space Co. employees honored recently for outstanding workmanship, cost savings and ingenuity, under the company's Zero Defects-Cost Improvement program. Margherone, above right, a journeyman machinist, was cited for his outstanding performance in improvising a series of complex tooling and machining operations, on an intricate missile part, and completing the total run without a single error. Others pictured are, from left, Roland C. Hughes, supervisor of the year; Edward D. Bowman, cost effective employee of the year, and S. W. Burriss, Lockheed president, who presented the awards.

Fire hits mobile homes

Approximately $30,000 damage was sustained by three mobile homes at Western Motor Homes, 740 Camden Ave., in an early morning fire last week.

Fire alarm was sounded when heat from the three burning units caused fire sprinklers in the adjacent Economy Lumber Company to activate. Lumber company employees quickly turned in the alarm and all fire units responded, causing a minor traffic slowup on Winchester Blvd.

Probable cause of the fire, according to Battalion Chief Sal Leonardi of the Campbell Fire Department, was a butane leak to one of the units. Fire origin was in a rental unit owned by Western Motor Homes, spreading to a new unit and a stored unit, parked in adjoining storage stalls.

"RED"

During the Siege of Paris in 1870, the proletarian units of the French became known as the "Red" battalions, the first time in history the label emerged in its modern sense.

AIDING "DECONGESTION"---The over 70,000 vehicles that flow daily through the City of Campbell's intersection at Bascom and Hamilton avenues are controlled by a traffic light directed by an Eagle Signal mini-computer housed in the box on the sidewalk to the left of the Mobil sign.

HAMILTON-BASCOM HEADACHE

Hectic intersection gets help from mini-computer

Campbell's hectic intersection at Bascom and Hamilton avenues is just as busy as ever, but now it has a mini-computer to watch over traffic flow, reducing congestion at this area cross-road.

To the surprise of no one who has to drive through this intersection on his way to or from work, 12,000 vehicles pass through here every hour during rush periods.

"We considered elevating certain lanes or constructing a cloverleaf," said William G. Wren, the city's director of public works, "but both ideas proved too costly.

"We then decided on a mini-computer manufactured by Eagle Signal," he continued, "to monitor traffic flow and lane usage, and direct a stop light that controls the intersection. This allows the traffic to pass through as smoothly and rapidly as possible."

Although Campbell's population is only 25,000, more than 70,000 vehicles go through the Bascom-Hamilton intersection every day. Not only is it a main commuter route between San Jose and local bedroom towns, but nearby are two shopping centers, two office buildings, and several industrial parks.

More intersections can later be placed under control of the Eagle Signal System, explained Wren. Eagle Signal is a Systems Division of Gulf + Western Industries, Inc., Davenport, Iowa.

Walter Kuc, regional director of TSR, Inc. -- contracted by Campbell to maintain all of the city's traffic-control equipment -- calls the Eagle Signal system "one of the most trouble-free controllers we have had to service."

Wren sums up the situation this way: "The City of Campbell is pleased to have been one of the first cities in the country to use a mini-computer for a single major intersection. We've solved our problems, met our budget limitations, and improved our control capability."

Band performs at youth dance

This Saturday, March 3, St. Lucy's Youth Council will hold a benefit dance, featuring "The Circuit" band, from 8:30 to 11 p.m. in Kennelly Hall for high school-age young people.

Funds raised from the dance will be donated to a local author presently writing a book about Mongoloid children.

Advance tickets are on sale for $1. Those purchasing tickets at the door Saturday evening will pay $1.50.

For information call 243-3361.

CHAMBER FESTIVAL

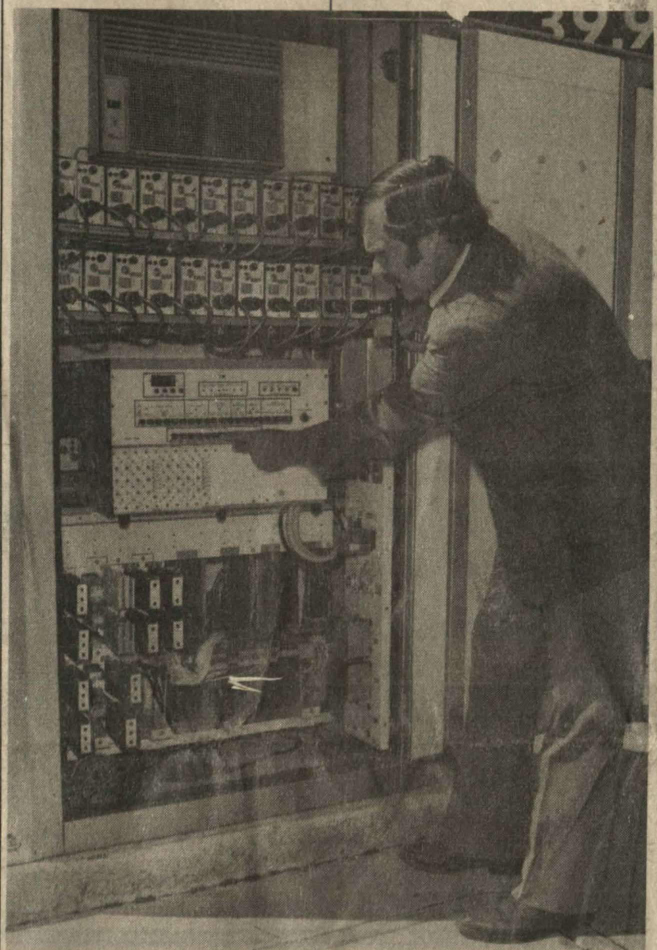
California State University, San Jose Concert Choir is sponsoring the Third Annual Invitational Chamber Festival on Friday, February 23.

The festival will be in the Concert Hall in the music building on campus at 7:30 p.m.

Paul Salamunovich will adjudicate this year's festival. Salamunovich worked for many years with Roger Wagner, and is considered to be one of the leading authorities on the performance of Renaissance choral music.

The fee will be $1 for adults and 50-cents for students.

For more information, please call 277-2923.



CHECKING IT OUT --- Bill Wren, City of Campbell director of public works, checks out the Eagle Signal mini-computer that controls the traffic light at the city's busy (70,000 vehicles daily) intersection at Bascom and Hamilton avenues.

CHAMBER ENSEMBLE

Nineteen students, representing eight different high schools and a junior high school in Santa Clara County, will perform in a French horn ensemble at the next Sunday Afternoon Chamber Music Series sponsored by the Los Gatos - Saratoga Symphony. The concert will be held on Sunday, March 11 at 3 p.m. in the Los Gatos History Club, 123 Los Gatos Blvd.

The concert is offered free of charge.

Cambrian open house slated

Cambrian Parents Pre-School, a parent participating nursery school located in the Trinity Presbyterian Church at 3151 Union Ave., San Jose, will hold its annual Open House on Tuesday and Wednesday, March 6 and 7 from 9:30 to 11 a.m.

The nursery school, now in its twelfth year of operation, provides a varied pre-school program for children from ages 3 to 5.

The school operates on a non-profit basis and is non-sectarian and non-denominational. Tuition is $12 per month for a two-day program and $18 for a three-day program.

Interested parents are cordially invited to visit the school on the above dates. More information may be obtained from the school's membership chairman, Kathy Papalias at 377-9320 or Sandy Reynolds at 265-3340.

Caldwell speaks at West Valley

Some tickets are still available for the lecture "Wall of the Early Morning Light" to be presented at West Valley College Tuesday, March 6.

That evening at 8 p.m. Dean Caldwell will tell of the momentous adventure he experienced, along with Warren Harding, in climbing the sheer face of El Capitan in Yosemite Valley.

Tickets are available through Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext. 58. Caldwell's lecture is the fourth event in the college's annual spring lecture series.

Caldwell was thrust into national headlines while doing that which he knows and loves best: hanging on the sheer slopes of a mountain.

Caldwell's illustrated lecture of the epic climb will be presented in the Campbell campus auditorium, corner of Winchester Blvd. and Campbell Ave.

WINDMILLS TIPPING

"Man of La Mancha," award-winning musical based on the adventures of Don Quixote, opens March 16 at the Saratoga Civic Theatre.

Sponsored by the Saratoga Drama Group, curtain time is 8:30 p.m.

The theater is located at 13777 Fruitvale Ave., Saratoga.

BUSY CHEFS--- Pictured above are just a few of the 25 cooks employed at The Cook Book Restaurant, a unique omelette house in Campbell's PruneYard Shopping Center.

Unique business - unique man

by JoAnn Zoller

What's in an omelette?

Plenty, if you ask John Diek, founder and executive chef of The Cook Book Restaurant, a unique omelet house in Campbell's PruneYard shopping center,--everything from asparagus to pastrami.

There are gourmet omelettes like bell pepper and Swiss cheese, Italian omelettes like Italian sausage, olive and onion, special omelettes like abalone and fresh mushroom, even dessert omelettes like fresh strawberry or blueberry.

"We have now 436 different kinds of omelettes," says Diek. "Each omelette is hand-flipped. The Cook Book is the only place you can get an omelette like it."

Diek, who has trained with gourmet chefs at the Beverly Hills Hotel, the Racquet Club in Palm Springs and the Monterey Highlands Hotel, considers food preparation and presentation an art. "My omelette is a creation of me," he says.

STRICT STANDARDS

A true chef, Diek has strict standards of quality, for instance, only fresh vegetables are used in all food preparation; that includes the vegetable soup which contains some 18 different items. Coffee beans are also ground fresh at the restaurant to insure a good cup of coffee.

Commenting on the 25 cooks employed at the restaurant, Diek said, "The only people we hire here are ones that have never been in the restaurant business before, in order that we may teach them as in a school, our own special methods.

We use 300,000 eggs a month and have one man just for cracking eggs. There are 300 omelette pans in circulation."

PLANS UNDER WAY

The PruneYard Cook Book is modeled after the original Cook Book restaurant in Aptos, which was also created, owned and operated by John Diek. There is also a Cook Book in Capitola and plans are under way for locations in Monterey and Palo Alto.

"Here at our PruneYard location we draw people as far away as King City, San Rafael, Stockton, Concord and San Francisco. Fifty percent of our business is in the Santa Clara Valley and fifty percent is within 75 miles."

Opened in 1970 the PruneYard Cook Book has become a favorite place among valleyites. Campbell's own Optimist Club holds its business meetings there every Thursday morning while the members enjoy a hearty family style breakfast.

SUCCESS FORMULA

Speaking about the restaurant business in general Diek commented, "Failures in the restaurant business are greater than successes right now. In order to have a successful restaurant business you must have the heart for it."

Looking about the rustic, homelike Cook Book Restaurant with its rough open beamed ceiling and gay flowered drapes, watching the bustling waitresses and the crowds of people, it's evident that if success is any indicator, John Diek surely has an abundance of heart.

"ANNE FRANK"

West Valley College students will join cast and crew members from four other schools in staging the "Dairy of Anne Frank," for three weekend performances beginning March 2, at 8 p.m. at Saratoga High School.

Ticket cost is $1.50 and information and reservations can be obtained by calling 354-8200.

A COMMUNITY IN BALANCE

FINANCE

WHITTAKER

By Geoffrey H. Whittaker
Finance Director, Campbell

One of Webster's definitions of balance is "the juxtaposition in writing syntactically parallel constructions containing similar or contrasting ideas" . . . another is "equality between the totals of the two sides of an account" . . . there are several others.

I am not sure I know what the first definition means, and perhaps this article breaks all the rules contained therein, however, the second one relates to the financial condition and is more pertinent to my area of responsibility.

From the financial point of view, however, a balanced community does not only relate to dollars and cents in the bank but also to the source of these funds.

PROPERTY TAX

A lot of controversy revolves around the property tax as a fair and equitable means of financing City services. Since this is one of the major sources of City revenue, we complain that we are being taxed out of our homes.

The homeowner is not the only payer of property taxes, commercial buildings also bear a large burden of the property tax. A balanced community needs both residential and commercial property to help create a balance. The commercial property also provides sales tax revenues to the City; in Campbell, almost on an equal basis with the property tax.

Yes, this is your tax dollar too, but if the commercial enterprise is an attractive, well balanced one, it is also attracting tax dollars from our neighboring cities.

Some cities prefer to limit themselves to a residential community. This, in my opinion, does not provide a satisfactory tax base and therefore cannot be considered a balanced community.

There are other considerations beside the monetary one, schools, parks, libraries, etc. Do we have a balance of these and other facilities to meet the demands of our citizens, assuming their willingness to pay for them?

Let us remember that nothing is free and when we talk about the property tax as unfair and that we need tax reform, it means only that we will pay the taxes in a different way. Tax reform simply shifts the burden but does not reduce the need for the revenue.

REVENUE SOURCES

The City of Campbell finances its operation from the following major revenue sources:

	Amount	%age of total
Property Taxes--Operations	$807,000	26.28%
Property Taxes--Debt Services	350,945	11.47%
Sales Taxes	746,800	24.41%
Cigarette Taxes	104,900	3.43%
Licenses and Permits	147,800	4.83%
State & Federal Subventions	557,600	18.23%
Other	344,455	11.25%
	$3,059,500	100.00%

These funds are used as follows:

General government	$ 418,920	15.11%
Public safety	1,263,300	45.57%
Public works	736,065	26.55%
Debt Service	353,940	12.77%
	$2,772,225	100.00%

A balanced community then, in my opinion, is more than just how much money is derived; it includes the method of allocating these funds to meet all of the needs of the community bearing in mind some services and their levels are mandated under certain circumstances.

The City of Campbell, I believe, is a well balanced community and of significance today, it is in a sound financial position.

There may be some deficiences in the balance in certain areas in the eyes of different groups. I would anticipate the Citizens Goals Advisory Committee will be providing suggestions to satisfy most of the needs of the City as a whole and the City Council will then be in a position to consider the various means of financing available to satisfy these needs and to maintain an overall balance for our citizens.

Olympic coach recruits athletes for Walk-A-Thon

Julie Menendez, San Jose State physical education professor and assistant coach for the 1973 U.S. Olympic Team, has been recruited for the volunteer team arranging the March 11 Walk-A-Thon against birth defects--and he, in turn, is recruiting soccer players throughout the country.

Menendez was signed up by Marty Mim Mack, the 11-year-old Santa Clara boy who is grand marshall of the Walk-A-Thon.

Sponsor sheets on which Walk-A-Thon participants can line up their backers are available at McDonald's Restaurants, 7-11 Stores, KLIV, and the National Foundation-March of Dimes office, 1171 Lincoln Avenue, San Jose.

Procedure is for each sponsor to "back" a walker for so much a mile for the 20-mile hike. Money is a donation to the March of Dimes, fund-raising arm of The National Foundation, the national voluntary health agency working in the field of birth defects.

Women's courses offered here

West Valley College's Community Services office is offering a series of four short courses on studies for women. Openings remain in three of the courses.

"History of Women in Spanish America," "Images of Women in Fiction" and "Social Psychology of Women" will be offered during the next few months.

On five Thursday evenings, 7-10 p.m., beginning Thursday, March 8, Dr. Dawn Keremitsis will hold a lecture-discussion course on the history of women in Spanish America. The course will cover comparisons involving the political, economic, educational and artistic activities of the Spanish women of different Latin American countries and times with those of American women today.

"Images of Women in Fiction" will be taught on four Wednesday evenings, 7-10 p.m., beginning April 4 by Jo Ford. Students will select items to read from an extensive list of novels, short novels, short stories and poetry about women from four eras of western literature.

"Social Psychology of Women" will be held during four evening sessions in May. Phyllis Williams and Dr. Claudia Bartelt will instruct this course.

Those interested in participating in any of the courses should register and pay the small registration fee in Community Services, 44 E. Latimer Ave., Campbell, room L-26, telephone 379-1733, ext. 58.

RUMMAGE SALE

St. Anthony's Guild of St. Frances Cabrini Church, 15333 Woodard Road, is holding their annual rummage sale in the church hall, Thursday, March 8 from 8:30 a.m. to 5 p.m., and Friday, March 9, 8:30 a.m. until noon.

Friday is being called "Bag Day" – any item or items that can fit into an ordinary grocery bag will be sold for 50¢.

Proceeds will benefit the educational program and the church building fund. Chairman of the event is Linda Cordova, 2154 Casa Mia Dr., San Jose.

PRODUCTION SET--G. Leslie Muchmore, director; and Margo Muchmore, who portrays the female lead, Aldonza, in "Man of La Mancha," are in final rehearsal for the March 16 opening in Saratoga.

Campbell man performs in "Man of La Mancha"

Campbell residents Tom Antnelli, Elizabeth Garrett and the Robert Valkow family are among cast and crew in final rehearsal for the Friday, March 16, opening of "Man of La Mancha," at the Saratoga Civic Center on Fruitvale Avenue in Saratoga.

Antnelli portrays the captain of the inquisition while Miss Garrett is a production assistant for the Saratoga Drama Group, sponsors of the production. Bob and Marry Valkow and their daughter, Laurie, are all busy getting the sets completed for the opening.

G. Leslie Muchmore is directing the play.

For ticket information call 264-3110.

TAPESTRY DISPLAY

Egyptian Kelim folk tapestries, from Cairo, will be exhibited at the Civic Art Gallery, 110 S. Market St., San Jose, on Sundays, from 10 a.m. to 4 p.m. and Tuesday through Saturday, from 10 a.m. to 4:30 p.m.

Admission is free. The exhibit will run through Sunday, March 11.

CYNTHIA ENROLLED

Cynthia Franz, daughter of Mr. and Mrs. Robert Franz of 1310 Cameo Dr., has been accepted as a student for the 1973-74 school year at Tabor College, Hillsboro, Kansas.

Cynthia, a senior at Del Mar High School, has indicated an interest in English.

Situated in a small town in central Kansas, Tabor College is a four-year Christian liberal arts college fostering a Christian life-style and commitment. Although the college is sponsored by the Mennonite Brethren Church, nearly half of the students represent 30 other denominations.

CAMPBELL CLEANERS

1938 TODAY

This month marks our 35th year of serving the cleaning needs of our good friends and neighbors in Campbell and surrounding area. Throughout the years, our one aim has been to provide you with the best possible cleaning processes. As newer and better methods have been developed, we have been first to offer them to you.

Your clothes cost more today than ever before. That's why it's more important now than ever that they be given the best care possible. As in the past, you can trust us to give your finest garments that "just like new" appearance. And remember too, that clothes cleaned properly last longer and look better.

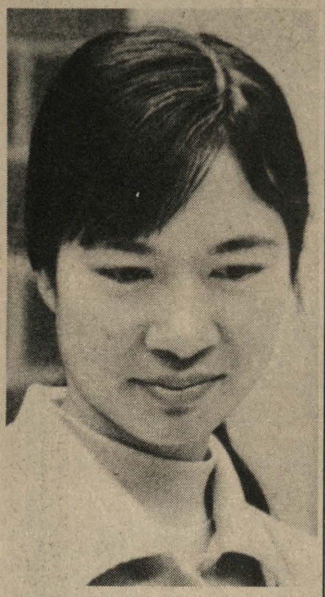
Campbell residents work with UF committee

ANITA CAMPOS



MRS. KEEN LOO

What does a legal secretary, a proofreader, an insurance claims evaluator and a plant manager have in common? They all live or work in Campbell and are members of United Fund's Central Area Agency Relations & Allocations Committee now conducting budgetary reviews of all agencies seeking UF support in the chapter area for 1973.

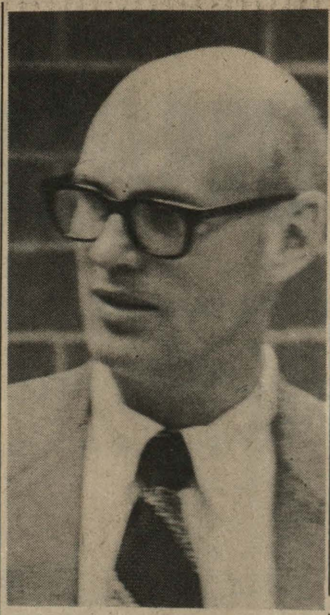
Thirty-five agencies are under review by the committee that has four separate sections specializing in child care, health and rehabilitation, youth guidance and family counseling, and multiple community services.

All but one of the Campbell volunteers are serving for– the first time, according to a UF spokesman.

Mrs. Daniel Campos, legal secretary, Mrs. Keen Loo, a proofreader for Deluxe Check Printers, and David Glover, insurance claims evaluator for Allstate, have joined Dean Vesling, plant manager, for the first time.

The Central Area Committee is just one of seven now conducting meetings throughout the County. More than $1,257,308 are to be distributed to human care programs in the communities of Campbell, San Jose, Santa Clara, Milpitas, Cupertino - Monta Vista, Saratoga, Los Gatos-Monte Sereno.

Announcement of allocations for 1973 will be made in late February or early March, according to United Fund.



DEAN VESLING

DAVID GLOVER

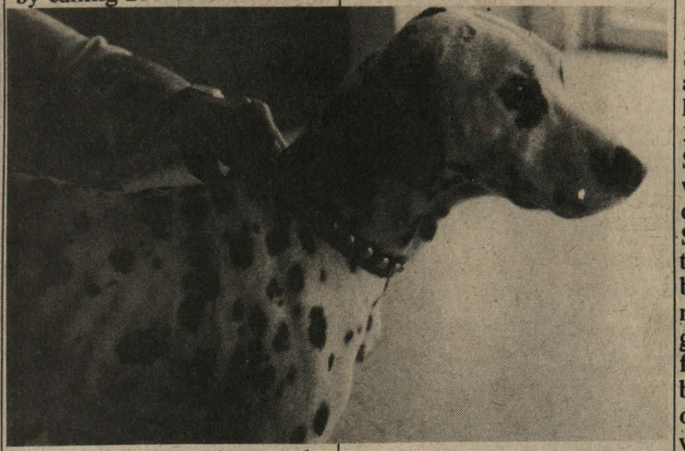
Pets for Adoption

NEEDS HOME---Rusty, a one and a half year old male Persian cat, would make someone a gentle and regal indoor pet. Rusty has had his feline shots and is ready to move into the "right" home. For information on Rusty call 255-1059.

SUNNY AND CHER---These two calico cats have been raised since babyhood and don't want to be separated. They need a good indoor home where they can get lots of love. The duo have had all their shots and information about them can be obtained by calling 255-0159.

PUPPY TRIO --- Babalooga, Samantha and Orphan Annie are three dogs looking for homes. Babalooga, left, is a 3½-month-old Australian Shepherd female, who is good with small children and doesn't need much room. Samantha, center, decided to turn her head, so she couldn't be seen well, but she is a female pit bull who would be good with a large or small family. Orphan Annie, the beagle mix on the right is only eight months old and would love to be "adopted" by a family. All three have had their shots to date and arrangements to see them can be made by calling 255-0159.

BRANDY---This German Shepherd needs an adult home with an owner who would take time to train him. He is alert and lively, with obvious intelligence and response to love. Brandy has had all his shots to date and anyone interested should call 255-0159.



FIRE DOG---Cassidy, a male Dalmatian, is a bright and alert dog, who has a slight limp which is steadily improving. He is beautifully marked and would be an exceptional pet with good care. For information on Cassidy, call 255-0159.

Linda visits friend in South America

Day-in and day-out the Santa Clara County Department of Social Services has placed all types of foster children into foster homes as part of a regular procedure, but never before has a foster child had the opportunity to spend the holidays in Lima, Peru.

Linda, the foster child, was placed by the county with Mr. and Mrs. Richard Nitsos who operate an emergency foster home. While staying with the Nitsoses, Linda, 16, made friends with another girl her own age whose family lived in Peru.

When Linda was invited by her girlfriend to spend the holidays with her and her family in Lima she jumped at the chance to travel. Since she speaks Spanish, she felt this was a perfect opportunity to see how others lived. This trip also was Linda's first big travel venture.

Linda worked for the Neighborhood Youth Corps, a job program for teenagers, this summer and saved what money she could. The money helped her purchase her airline ticket and pay for other expenses.

Linda's foster parents, Richard and Pat Nitsos, have accepted other foster children along with two daughters of their own. The Nitsoses operate an emergency foster home.

The Nitsoses have had many children come through their home and stay from a few days to a few months. The Nitsoses are licensed for children from infants to 18-year-olds, and they've had everything from babies to teenagers.

There is a moderate compensation for the child's care while staying in the foster home. But as Mrs. Nitsos points out money is not the main incentive for the care.

According to county welfare officials there is a bigger need now more than ever for emergency foster homes.

Anyone interested in obtaining more information on this program can call Mrs. Beyrer at the County Department of Social Services, 55 West Younger Ave., San Jose, 299-2981.

Active octogenarian has birthday

When you're 85 and it's your birthday, it's kinda nice when someone remembers.

But the WHOLE NEIGHBORHOOD!!

When Mrs. Millicent Links looked out her front window at 235 Cherry Lane last Thursday morning, she found the view obscured.

"At first," the English-born lady commented "I thought I'd been tee-pee'd" (Tee-pee-ing is a common practice of high school age students, who steel up in the darkness to drape tissue on friends lawns, shrubbery and trees as a sign they are well-liked.)

The obstruction proved to be a sign, stretched across her front porch, proclaiming to all who passed that it was a "Happy Birthday" for someone. The sign had been put up by Mrs. Links' Cherry Lane neighbors who wanted everyone to know how happy they are that they have Mrs. Links for a friend.

Not that they see much of her. She's pretty busy.

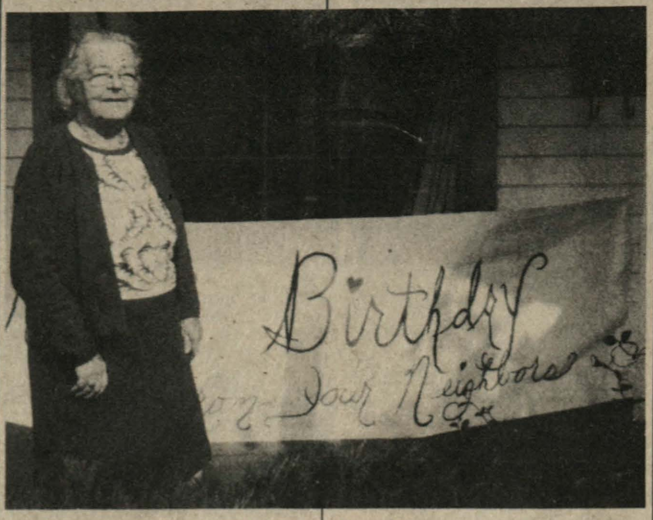
Like, one day a week she takes care of the "store" at the West Valley Senior Action Center, where many seniors sell their crafts.

And then there's the sewing group and her work making afghans, crocheted sweaters and other items for the store. And the Episcopal Church. And the Scotia Society. And her yard work.

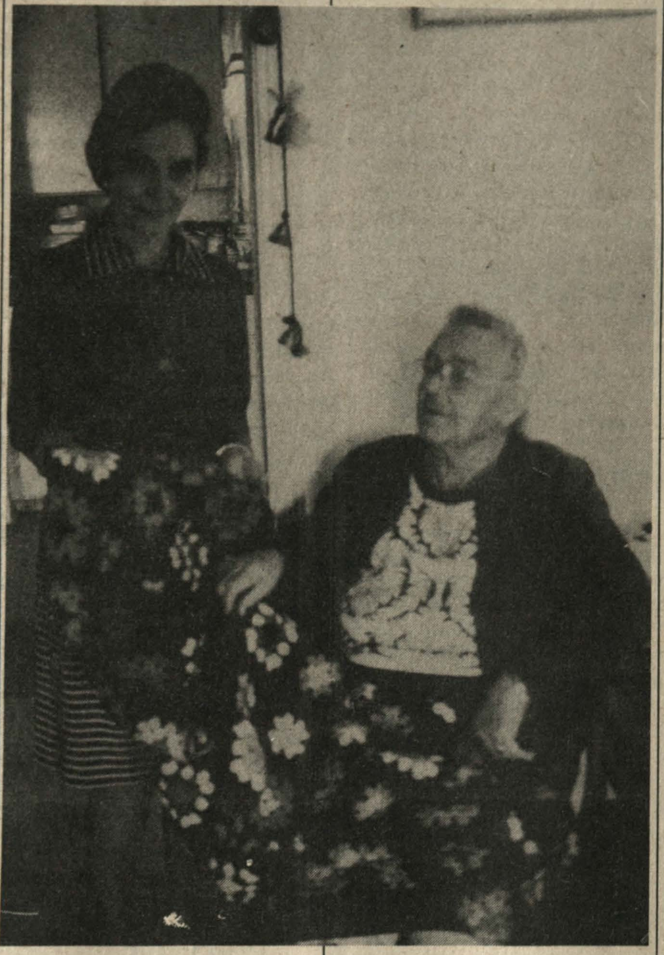
Mrs. Links came to Campbell about five years ago from San Francisco. Her daughter, Connie Baumgartner, son-in-law Conrad and their children live over on Rincon Avenue, just a few blocks away.

Mrs. Links, a trained nurse in England, has lived in Borneo and Australia. The seacoast town where she was born, Broadstairs, is much like Santa Cruz, she says. She came to the United States in 1924, and apparently intends to stay.

In addition to the sign, her morning Thursday was filled with calls by her neighbors and a luncheon in her honor at the Senior Action Center.



A HAPPY SURPRISE---Mrs. Millicent Links found an unexpected surprise attached to her front porch last week. Her Cherry Lane neighbors had visited her house during the night and posted a sign wishing the octogenarian a happy 85th birthday.



ADMIRING WORK---Mrs. Dolores Corral, neighbor of Mrs. Millicent Links, admires some of Mrs. Links' crochet work which she will display at the West Valley Senior Action Center on Rincon Avenue. Mrs. Links was surprised by visits of many of her Cherry Lane neighbors last week, who dropped in to wish her happy birthday.

STUDENT HONORED

Norma Lee Maples of Campbell, California has been listed on the Dean's List for the fall semester at East Texas Baptist College of Marshall.

A freshman student, Miss Maples is the daughter of Mr. and Mrs. Maurice K. Maples of Campbell. She had a grade point average of 2.4.

She was one of the 65 students named by Dr. Joe T. Mason, dean of the college.

East Texas Baptist College, founded in 1912 as a private coeducational liberal arts college, is owned by the Baptist General Convention of Texas.

Childbirth class starts

Two Education for Childbirth classes are starting at Markham Center, 2105 Cottle Ave., San Jose on Wednesdays from 7:30 to 9:30 p.m. through the Metropolitan Adult Education Program.

The five week class for those in early pregnancy (in the first five months) began February 7 and is designed to give prenatal information to keep the woman physically fit, comfortable and attractive during pregnancy. Lectures will be on pregnancy, development of the baby, nutrition and relaxation.

For the woman in late pregnancy (28 to 38 weeks) the six-week class began on February 14 and is designed to include discussion, exercise for labor and delivery and postpartum.

For information call 266-8186 Monday through Thursday between 6:15 and 10 p.m.

Local church council cited

A citation for community service was presented to the Santa Clara County Council of Churches by United Fund of Santa Clara County at the Council's Annual Meeting and 30th year celebration recently at First United Methodist Church, Palo Alto.

William Cuthbertson, Assistant Executive Director, United Fund, presented the award to Rev. R. Kenneth Bell and Mrs. Carol Hoyt, stating it was given "in recognition of outstanding achievement in serving the human needs of the community."

The Council's Friendly Visiting program was begun in 1964 and is directed by Mrs. Hoyt. The program serves nearly 800 lonely elderly home bound and chronically ill people each week through 254 volunteers who visit them regularly and become concerned friends. United Fund supports this phase of the Council's work.

"VIBRATIONS"

The New Art Theatre tour production of the Gael Douglass musical "Vibrations", will be presented Saturday, February 24 at Leland High School. Curtain time is 8 p.m.

Tickets can be obtained at the door, at the San Jose Box Office or from the San Jose City College Associated Student Box Office (298-5064) at $2 for adults and $1 for students with student body cards.

"BUYING A VACUUM CLEANER? TRY SALT FOR TESTING."
By Virginia Knauer (Reprinted from the Berwick Enterprise)

Buying a new vacuum cleaner would be simple if manufacturers rated the cleaning ability of their models in some meaningful way. However, their technical ratings - horsepower, revolutions per minute, sealed suction, working suction and water lift - tell you very little about how well a paticular model really cleans your rugs and carpets.

It's up to you to measure a model's cleaning ability. That means using a vacuum cleaner yourself before you buy to be sure it meets your needs.

Ask for a home demonstration. If you can't get a home demonstration, use the vacuum in the store on rugs similar to the kind you have in your home - pile or sculptured rugs or shags.

The best "dirt" to use for testing a cleaner's efficiency is gritty material like salt. After the vacuum has run over the rug, check into the rug's pile to see if the salt has been picked up, not just pushed down.

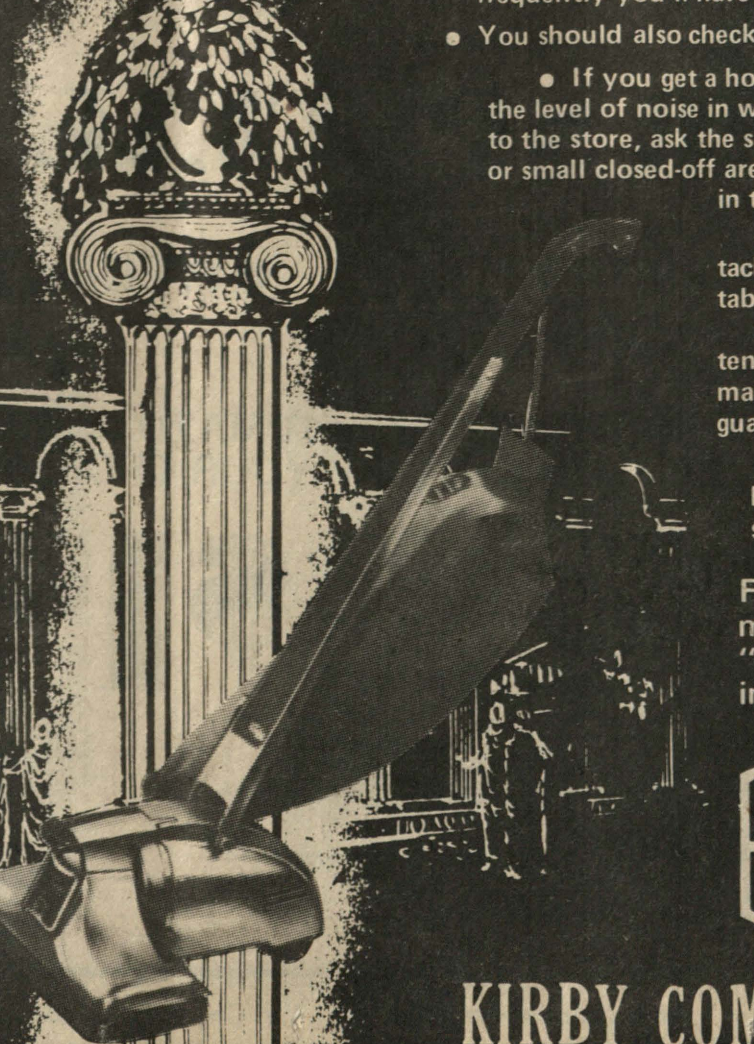
If you find salt still in the pile, you had better keep trying other brands and models of cleaners until you find one that does remove the salt.

By all means, beware of some of these popular demonstration gimmicks:

- Picking up some heavy object with the cleaner. The working suction against a rug or carpet - not the ability to pick up a heavy object - is what you want in a cleaner.
- Picking up fine powder or filmy cotton fiber. Very little suction is required to pick up this kind of material.
- Using the new cleaner to clean an area of the rug your old cleaner has already vacuumed to show how much dirt was left. You could get the same results if you had used the new cleaner first and then the old one. No vacuum will pick up all the dirt in just a few strokes.

Here are some particular points to consider before you buy:

- The dust bag capacity should be large. The larger the capacity the less frequently you'll have to empty or change the bag.
- You should also check the ease of emptying or changing the dust bag.
- If you get a home demonstration, you will be able to judge the level of noise in which you will be working. If you are limited to the store, ask the salesman to operate the vacuum in a stock room or small closed-off area to get an idea of the noise level that will be in the room of your house or apartment.
- Push and pull a vacuum and use whatever attachments it has to determine if you feel comfortable handling the machine.
- Make sure the model you want has a written guarantee that includes everything the salesman has promised. Compare the features in the guarantee of different models



P.S. Mrs. Knauer is President, Director of Consumer Affairs in Washington, D.C.

A COMMUNITY IN BALANCE

PLANNING

KEE

By Art Kee
Planning Director, Campbell

Campbell can best be described as a balanced community when viewed in relation to other communities of similar size and when balance is considered in terms of a generalized definition.

According to one source entitled "Land Use in American Cities" 28 cities across the United States with populations of less than 50,000 were analyzed in regard to the land use make-up. The result is somewhat revealing when compared to the land use pattern reflected by existing land use in Campbell as shown on the following table:

Use	Existing Land Use Campbell	Land Use Distribution 28 Cities in U. S. Under 50,000 Pop.
Single Family	30.0	34.0
Other Residential Apartments & incl. Duplex	7.0	5.5
Commercial	7.0	3.1
Industrial	6.0	5.7
Public, Quasi-Public	15.0	18.0
Transportation and Undeveloped	35.0	33.7
Total	100.0	100.0

The one category of land use where Campbell is perhaps top heavy is in commercial land use. As will be shown Campbell has more than twice the area devoted to commercial land use as most communities of comparable size.

According to the Advance Planning Program prepared by Management Economics Research, Inc. in 1968, Campbell, because of its central location to the market area, serves a population of about 137,000 people and by 1975 that trading area was projected to reach a population of 166,000.

It therefore becomes evident that in terms of commercial land use and development, the nine shopping centers and other commercial uses serve a larger population and area than the current 27,000 population of Campbell.

The 1968 Advance Planning Program also gives some insight insofar as Campbell's population characteristics, employment and income levels are concerned. For example, in 1966 the only significant difference between Campbell and other Santa Clara County cities in age distribution was in the 65 and over category.

Campbell had slightly less, 5.4% persons over 65, than Santa Clara County which has 6.0%. In regard to employment, less than 35% of Campbell's population was employed and it was estimated by the study that manufacturing operations provide employment for about 1,000 persons, and that retail trade provided employment for between 1,500 and 1,800 persons.

Differences in income in relation to Santa Clara County was only significant in the over $15,000 income range where 6.8% of the population was in that category in Campbell and 1.8% was the County average.

In summary, the land use pattern in Campbell could be termed balanced in relation to a land use analysis of 28 other cities across the United States with the exception that more commercial land use exists.

This fact is supported by the Advance Planning Program developed by Management Economics Research, Inc., prepared in 1968 which stated that because of Campbell's central location and circulation system the City could expect more intense commercial development than surrounding cities.

A COMMUNITY IN BALANCE

CITY ADMINISTRATION

STEPHENS

By Bob Stephens
City Manager, Campbell

IS CAMPBELL A BALANCED COMMUNITY?

Campbell Press Editor and Publisher George Vierhus' choice of the theme for the 1972 Progress Edition "Campbell - A Balanced Community" may be defined in many ways depending upon what definitions and criteria one uses to classify a City as a balanced community.

Since this question has been directed to me I will first attempt to document my definition and basic criteria of what constitutes a balanced community.

All cities in the United States are new by the standards of Europe and Asia. All of our cities and communities have had to face swift and merciless change during the industrial revolution. Some cities have drawn their energy from change. Others seem unable to cope with change. They decline, become "depressed areas," and seem destined for the scrap heap of history unless they can once more restore their appeai as exciting places to live and earn a living.

My definition of a balanced community is one which can develop its vitality from within, from its own citizens, from the people who care enough for their city to keep it perpetually renewed in the face of every change and challenge.

The criteria that are apparent for communities to thrive through every force of change are as follows:

1. Economic Vitality - The city provides good places to earn a living and run a business.

2. Cultural Vitality - The city provides stimulating places to live and stretch the capacities of the good life for its citizenry.

3. Municipal Vitality - The city has well-managed services and modern facilities, whether they are provided by private or public agencies.

4. Civic Leadership - The city has citizens who care about their community, and take the initiatives - private and public - to keep the city strong.

MEETING CRITERIA

How well does Campbell meet these criteria? In the past three years, the City of Campbell has enjoyed record breaking growth in both sales tax income and assessed valuation which certainly reflects economic vitality.

Some improvements to the community's cultural vitality in recent years can be credited to the West Valley College and Campbell High School Adult Education Programs and newly built modern apartment and townhouse complexes with recreational facilities have provided new life styles to both young and old. Much more can be done in this area, however, and the current Citizens Goals Committee Program will hopefully recommend projects, programs and service which will rasie the rating of our city in this area of development.

The electorate in 1967 and 1969 by their approval of municipal bonds provided the city with a modern city hall, library, fire stations, street and traffic signal improvements and a park system. City services can always be improved and current methods and procedures are continuously being audited and modified to meet changing needs of the people the city serves.

CIVIC LEADERSHIP

Perhaps the most important characteristic of the City of Campbell is its civic leadership. The community has been fortunate in having a body of citizens who are willing to devote some part of their time and energy to the needs of their city.

How does Campbell measure up as a balanced community? I would estimate that Campbell's batting average is about .775 as it approaches its 21st birthday in April. We have many problems to resolve. We must guard against apathy and continue to involve our citizenry in civic affairs. We have much to do to improve the living conditions and life styles of many of our citizens.

Yes - Campbell has as its goal the balance every American city seeks if it is to survive as a self-renewing community.

Stephens
PROTEIN-PACKED PUR

ON THE BENCH---City Manager Bob Stephens contemplates his city responsibilities across the street from the city hall at the bus stop on First Street. Appropriately the advertising sign on the bench has an interesting and coincidental nomenclature.

Then, of course, there is this rooster, which may be something to crow about....

Group invites suggestions

Campbell residents with ideas about possible uses of a one-time grant from the San Francisco Foundation are invited to attend the Monday, March 12 open meeting of the Montalvo Association.

According to an announcement by the association, they are interested in the views of persons concerned with quality drama, music, gallery presentations and the way the funds could be utilized to enrich the artistic development of Santa Clara Valley.

To express an interest in attending, residents can contact the association at 867-3421.

GS Society auditions set

Auditions for the Gilbert and Sullivan Society of San Jose's second production, "HMS Pinafore," will be held on Friday and Saturday, March 2 and 3, at 7:30 p.m. in the rehearsal hall at 222 S. Second St.

PROGRESS 73

A COMMUNITY IN BALANCE

The cost of a long distance call from Campbell isn't what it used to be.

(It's a lot cheaper now.)

Let's say you're dialing New York, on a weekday between 8 AM and 5 PM.

In 1943, a 3-minute call placed through the operator cost $4.00 (plus tax).

In 1973, if you dial direct, that same call is only $1.35 (plus tax).

And weekend, evening and night dial direct rates are even lower.

Another thing, if you talk longer than 3 minutes, the cost per minute is the same.

The development of new equipment and methods such as direct dialing has allowed us to pass some of the savings on to you.

Because when we save money on the operator's time, you save money too. That's progress.

Dial Direct. It's cheaper.

A COMMUNITY IN BALANCE

A COMMUNITY IN BALANCE

BUILDING

BYRON

By Wallace Byron
Building Official, Campbell

Most problems that we face as a city, and most of the goals to which we try to aspire in that city, are closely linked, in one way or another, with the use of our environment. Building and environment must always be in balance. The public concern for the environment became clearly manifested about 1964. It has continued to this day, and contrary to opinions held by some, is here to stay.

To the Building Department, balance in the community must be maintained. That is to say, that all buildings being built within the community must not adversely affect the environment. Some persons feel that an environmental impact is nothing more than an opinion based on judgment, but in reality it is an effect of the community's relative thinking.

Let us take, for example, that for many years, housing developers have concerned themselves with the size of a unit's kitchen, the number of bedrooms, and so forth, because it was assumed that the average man and woman buying a home were more interested in these items.

However, recent studies show that the stability of a neighborhood, existing public facilities, safety of streets or playgrounds, are rated higher by the average couple.

The environmental review certainly should consider the effects a project or development would have on schools, playgrounds, streets, sewer laterals, etc. Overcrowding of a home and its effect on privacy is well documented.

However, overcrowding of community facilities, although less documented, has its adverse effect on the environment and the quality of life offered in the neighborhood or community. Review of community facilities is essential, prior to issuing a building permit, in order that the environment will remain in balance.

The City of Campbell is quite fortunate that through its rapid growth, that the construction of buildings has not created adverse effects on the environment, which could have easily happened by extremely large apartment complexes or heavy industry.

The growth and progress of any city will always affect its environment, but it is important to remember that although a project or development may have an adverse effect on the environment, the social and commercial benefits it provides the city may be an overriding influence.

In order that building and environment may continue in balance, as much as is possible within the city, decisions regarding environmental impact should be decided by a board or commission, passing their decision on data provided by the various concerned and qualified professionals.

Since the granting of a building permit rests with the Building Department, it becomes necessary that our environmental studies should be coordinated at that point. It is at that point that the public, the developer, and the environment, must be totally compromised for the overall benefit of the community.

After all, serving the public is the business for which government was established..

PROGRESS 73
A COMMUNITY IN BALANCE

A COMMUNITY IN BALANCE

PUBLIC WORKS

WREN

By William G. Wren
Public Works Director, Campbell

The "balanced community" concept is an appropriate one at this point in time, particularly as it refers to the type and degree of services afforded by the Public Works Department. We have been in the process recently of analyzing and refining the variety of activities which are currently under way in an attempt to streamline the utilization of manpower and equipment to the ultimate degree.

In a developing community, emphasis will invariably change in accordance with the physical changes which occur throughout a City over the years. It is to be expected that as a City becomes physically completed, the Public Works activity will convert from a construction to a maintenance format.

New streets and structures, which must be initially designed and contracted for, deserve adequate maintenance in order that their service life be perpetuated.

So it is in Campbell that we find ourselves in the midst of a transition period toward the time when maintenance of physical features will constitute the bulk of our endeavors.

STORM DRAINAGE

A case in point is the virtual completion in the last few years of an underground storm drain system which is adequate in capacity to accept the run-off which may emanate from any expected storm intensity in this area. The current winter season with its unprecedented amounts of rainfall has proven the adequacy of the system.

The City's pattern of storm drains, working in conjunction with the Santa Clara County Flood Control's creek channel network has proven entirely adequate.

Similarly, other facilities have been constructed so that a former pressing need has been alleviated, and a maintenance "era" for that facility is implemented, a traffic service is afforded and access to the formerly vacant lands is provided so that development can occur. Currently, our City area is probably 80 percent developed insofar as industrial, commercial and residential construction.

The corresponding street networks have been installed. As a consequence, the maintenance forces necessary to protect these new facilities from the elements and from the natural wear which occurs must be bolstered to the extent that satisfactory programs can be continued.

Money from the general revenue sources which previously were utilized for capital outlay items is then channeled into maintenance funds which provide the manpower, equipment and materials which are necessary for the continuance of those tasks.

The City's new corporation yard together with the many items of new equipment which are stationed there has become the new center of Public Works activity as opposed to the engineers' office and its design staff, which previously prevailed.

CITIZEN INPUT

Along with the completion of these projects, the matter of citizen input as to their adequacy has become an important factor. It is perhaps timely that a citizens' goal committee is currently functioning with the prescribed challenge of determining exactly what courses of action, what degrees of services and what additional activities are proper for a community such as ours.

This department is extremely interested in guiding these citizen groups toward an ultimate conclusion as to the results of their deliberations and will endeavor to refine its modes of operation and approaches according to those determinations.

In keeping with these general philosophies, the Public Works Department is eager to design its activities toward the most efficient and responsive utilization of its abilities so that ours remains truly a "balanced community."

Citizens advisory goals committee studies areas of concern

INFORMAL DISCUSSIONS-- In addition to the work sessions that the various task forces hold of the Citizens Advisory Goals Committee, informal talk sessions (as above) often take place as the committee members examine the areas of concern.

GROUP ACTION — Members of the physical design and environment sub-committee pose for photographer before beginning a study session.

PROGRESS 73
A COMMUNITY IN BALANCE

"The past and present City Council of Campbell has historically encouraged citizen involvement in the planning and development phases of the City. The 1967 and 1969 General Obligation Bond Issues were citizen-initiated programs endorsed and backed by the City Administration.

"Our urban environment requires local government to respond to changes which directly affect the day-to-day lives of its citizenry. The City Council, faced with the decision-making processes to meet the needs of its citizenry, believes that informed citizen input to alternative solution to many of the important local problems is timely."

That was the "statement of intent and purpose for the establishment of a Citizens Advisory Goals Committee" presented by City Manager Bob Stephens on December 1, 1972, and at the same meeting a 22-member steering committee was appointed.

At the present time more than 70 citizens are participating in various task forces studying the three basic areas of concern that have been designated. These three areas are: (1) physical and economic development of the city; (2) intergovernmental relations and, (3) city's responsibility for people-oriented programs.

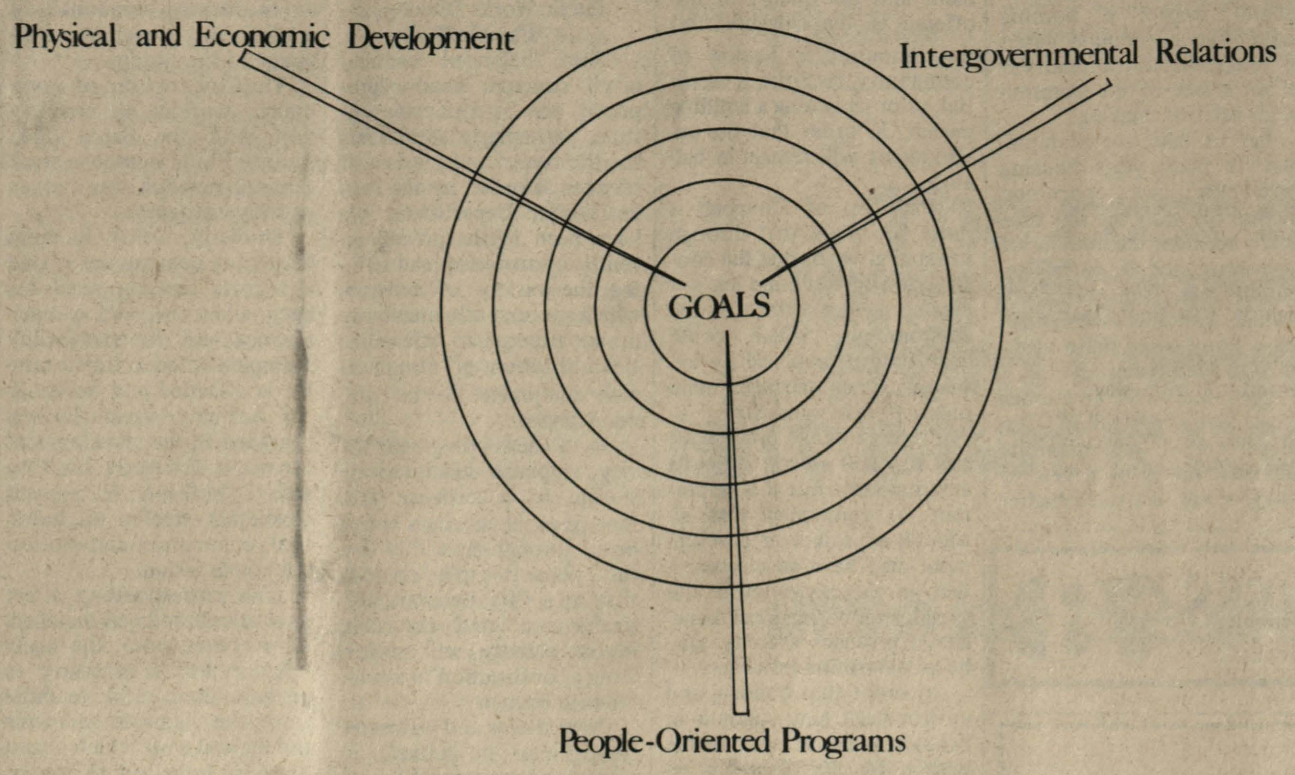
Steve Campbell, as chairman, and Bob Peck, vice-chairman, head the 22-member steering committee appointed by the City Council.

The other members of the goals committee were selected mainly by steering committee members.

Members of the steering committee, in addition to Campbell and Peck are: Don Hebard, Edith Morley, Father Leonard W. Bose, Jeanette Watson, Becky Campos, Ed Fabbri, Irma Reese, Jim D'Avis, George Vierhus, Homer Hyde, Mike Kennedy, the Rev. W. H. (Ben) Gould, Dick Hardy, Dan Knowles, Bob Bullard, Al Blaine, Masel Sheehan, Peggy Pack, Holly Vollenweider, Steve Goodman.

One of the most important purposes of the goals committee will be to act as a channel of communication between the general public and the City Council.

The proposed "time table" calls for the various task forces to submit their recommendations in April and the steering committee to submit the report to the Council in May.



Physical and Economic Development
Intergovernmental Relations
GOALS
People-Oriented Programs

COMMITTEE HEADS — Bob Peck, principal of Campbell High (left), vice-chairman of the Citizens Advisory Goals Committee, and Steve Campbell, of Kirkwood Plaza, chairman, check with Peggy Pack, chairman of the physical design and environment sub-committee, as to progress the task forces are making.

PEOPLE-ORIENTED PROGRAMS

The area of people-oriented programs with Dan Knowles, as chairman, and Jeanette Watson, vice-chairman has been broken into three sub-sections.

Tony Van Laarhoven heads the recreation sub-section and his group will consider two basic questions: (1) Is there a need for the city to get involved in public recreation programming; (2) If there is a need, what should be the scope of the program.

Barry Green is chairman of the seniors and youth social services sub-section. This group is seeking answers to: Should the city establish a separate youth center (separate from any possible community center? How can the Youth Commission better communicate with or represent the youth of the community? Should the city provide any assistance to senior citizens' organizations (manpower, financial, etc.)?

Heading the cultural and special events sub-section is Masel Sheehan. This group is studying three questions: (1) How can the future library facility best serve the community? (2) Should the city become involved in sponsoring special events (Easter parade, etc.)? Should the city take a more active role in promoting the cultural aspects of the city?

INTERGOVERNMENTAL RELATIONS

The task force studying intergovernmental relations is headed by Steve Goodman, chairman, and Jim D'Avis, vice-chairman. The study areas will include "911" emergency number; emergency communication; city's relationship to unincorporated island area; city's relation to regional government; state government and federal government; coordination of emergency services (disaster plans) on a local level.

Coin club holds show

The Cupertino Coin Club has set the date of Sunday, March 4, as their Third Annual Coin Show. As in the previous years, the show will be held at the Cupertino High School, 10110 Finch Avenue, Cupertino. Admission is free.

The featured exhibit at the show will be Professor Charles Kappen's collection of Tokens of California.

Many citizens participate in goals program of city

More than 70 citizens are members of the Citizens Advisory Goals Committee studying the various areas of concern in the community and will submit recommendations to the City Council in May. Councilmen Norm-Paul and Dean Chamberlin act as liaison with the group.

City staff personnel are also participating in the study sessions.

The members of the goals committee include: Steve Campbell, Bob Peck, Al Blaine, Dick Hardy, John Faber, Father Leonard W. Bose, Owen A. Peterson, Ed Fabbri, Phil Olavarri, Jim Gilliland, Tom Prebil, Peggy Pack, Bob Cowan, Emma Collins, Bob Fedde, Carl Hanks, Dr. Roger Wheeler, Holly Vollenweider, M. L. Martin, Dick Drew, Felix Fettig, Dick Landrum, Rick Kincaid, David Larson, William Dok, Carl Samuelson.

Pete Edwards, Jack Trimble, Chuck Gates, Betty Borden, Steve Goodman, Jim D'Avis, Larry D. Larson, Don Hebard, Kay Hofer, Homer Hyde, Ed Wood, Glenn C. Norstrom, Jr., Bob Renfer, Patrick E. Tunison, Eric Johansen, Missy Bonnet, Dan Knowles, Jeanette Watson, Barbara Clancey, Norm Glover, L. A. Larson, Lorna MacDonald, Leo Meyer, Arline B. Norstrom, Edith Morley, Mike Kennedy.

Barry Green, Anita Crist, Becky Campos, Anita Campos, Victoria S. Candelaria, Philip Chew, Russ Lopez, Floyd Little, Irma Reese, Louise Snider, Masel Sheehan, Barbara Green, Phyllis Hofer, Berry Verdi, Frank Calabray, William Ziegler, Rex Jeffers, James C. Malone, Mervyn Nelson, Len Edholm, Bob Sneed, Phil Auger, Marie Milledge, the Rev. W. H. (Ben) Gould, Bob Bullard, George Vierhus.

Physical and economical

Al Blaine is chairman and Dick Hardy is vice-chairman of the physical and economic development phase which is broken down into various subsections:

(1) Traffic circulation and public transportation with John Faber as chairman and Father Bose, vice-chairman, has listed as subjects for study: priorities for capital improvements including the "loops" and Campbell Avenue interchange; circulation element of the general plan and the city's relationship to the county transportation commission.

(2) Physical design and environment, with Peggy Pack as chairman and Bob Cowan, vice-president has included: redevelopment of the civic center complex; relocation of the fire station; future park development; the future of high-rise in Campbell; appearance of the Highway 17-Los Gatos Creek area; signs oriented to the freeway.

(3) Commercial, industrial and residential balance with Carl Samuelson as chairman will examine the land use element of the general plan.

(4) City services and capital improvements with Pete Edwards as chairman and Jack Trimble, vice-chairman, has listed: para-medic program-ambulance driver training; street improvements; fire fighting equipment for the protection of high-rises and the public safety system concept as their points of interest.

PROGRAM PIONEER

William Murphy, sixth grade teacher at Rosemary School, was a pioneer in the President's Physical Fitness Award program.

This past year, according to Joe Stein, physical education consultant for the Campbell Union (elementary) School District, some 592 Campbell youngsters passed the testing program to receive awards.

In 1965, however, there was no district-wide program and Murphy sent for the testing instruction booklet from Washington, D.C. and administered the test to his students. That year three of his students passed.

In 1972 12 sixth graders at Rosemary were among district award winners.

YOUNG AMBASSADORS

The Young Ambassadors a group of young entertainers from Brigham Young University, will perform in the San Jose Civic Auditorium on Tuesday, February 27, as part of San Jose City College's Spring 1973 Cultural Series.

Curtain time for the performance is 8 p.m. Tickets will be available at the door

Additional information can be obtained by calling 298-5064.

Photo contest announced

Campbell camera buffs are invited to enter the San Jose Historical Museum Association's photo contest.

Grand prize is $50 while first place winners in each of three categories will receive $25.

Theme of the contest is antiquated subjects on the landscape of Santa Clara County. All entries must be the original work of the entrant and no more than 10 photos may be entered. A $2 fee is charged per entrant.

The three categories are black and white prints, color prints and transparencies.

For further information phone 287-2290 or submit entries to the museum secretary at the museum, 635 Phelan Ave., San Jose.

Deadline for entries is June 3.

WORK SESSION --- Members of the people-oriented program phase of the Citizens Advisory Goals Committee at study session.

GENERAL SESSION---From time to time the entire membership of the Citizens Advisory Committee will hold a general meeting (as above) but the main work of the committee is being done in the task force study sessions. After the task forces have completed their research they will submit their reports from which the steering committee will draft the recommendations to the City Council.

Vice-President, Technical Services

The nuclear power industry is experiencing a rapid growth, not only in number of plants under design and construction, but also in the technical and quality assurance expertise required to meet today's and tomorrow's requirements. This expertise must be available to the utilities, to the architect engineers/constructors, and to major equipment fabricators.

Nuclear Services Corporation exists to provide such expertise. We have carefully selected our engineering and quality assurance talent for technical competence. We have engendered into our company the concept of dedicated service, rapid response, and teamwork both within the organization and with the clients we serve.

Our rapid growth in clients, in effort and organizational strength, experience, and competence has been responsive to our customers' needs.

ORCHARD SUPPLY HARDWARE

1

720 WEST SAN CARLOS STREET

Many Orchard Supply customers still prefer to shop at our famous "home base" store, built in 1946 on the site of Sodality Ball Park. And many now find it the easiest OSH location to get to, with the nearby Highway 280 exit at Bird Avenue.

ORCHARD SUPPLY HARDWARE

2

10TH AND SANTA CLARA

Downtown hardware shoppers like the old-time feeling of OSH's packed little 10th Street store. Formerly Jack Brown Hardware, it brought Orchard Supply prices and a complete hard/plumbling/electrical inventory to the San Jose State area in 1957.

3

3000 ALUM ROCK AVENUE

Eastside, Berryessa, and Evergreen customers appreciate the addition of lumber and home improvement materials to OSH's complete hardware selection at the Alum Rock store. It's been growing across from James Lick High, between Capitol Avenue and White Road, since 1965.

4

1130 BRANHAM LANE

Once a refreshment stop on the horse-and-buggy trail to Almaden, OSH's Branham Lane store has attracted customers from the South San Jose area since 1969. Gardeners praise the quality and selection of its outstanding nursery, and indeed the store is considered a "showcase" in the hardware industry.

Orchard Supply Hardware

5

777 SARATOGA-SUNNYVALE ROAD

Orchard Supply keeps growing with the Santa Clara Valley, and the newest OSH store serves do-it-yourselfers in the triangle bounded by Mathilda Avenue, Saratoga-Sunnyvale Road, and El Camino Real in Sunnyvale. Here we're experimenting with money-saving and time-saving ideas to bring you the latest in "one stop" hardware shopping.

6

Coming in early Spring . . .
SANTA CRUZ, 41st AT CAPITOLA

Old orchardists never die, they just move to Santa Cruz County! Orchard Supply Hardware began in 1931 as a farmers' cooperative, and today offers the largest selection of garden and orchard tools available locally. We'll be bringing Orchard Supply prices to Santa Cruz area residents when this large store opens, at 41st Avenue and Capitola Road, in Early Spring.

Campbell native reviews transformation of community

By Jeanette Watson
Chairman, Civic Improvement Commission

When George asked me, as an "old timer," to write some of my memories of the Campbell I knew, I was a bit shocked. I am a native of Campbell and proud of it, but to this point, hadn't thought of myself as "old."

However, George's point was emphasized when I received an invitation to the "early" settler's luncheon. Guess I can't claim to be 39 any longer because no one is invited to that exclusive affair except those who have lived in Campbell for 40 years.

If you're wondering whether I'm accepting condolences or congratulations, as a result of all this, put your worries to rest. I'm pleased and proud to have been born here, and my town has always been and always will be something special to me.

IN PARALLEL

The city's development and growth as a balanced community has paralleled my own, in a way. At about the time of its incorporation, I was within a year or so of being married. And, the two things are really quite similar if you stop to think about it. Before marriage, you're doing your "own thing" as they say today.

Afterwards, as when a city incorporates, decisions must be reached together. There may be many discussions and even arguments along the way, but through them, growth does occur. And, if the right decisions are reached, your family and your city will be an asset for all who become involved with it.

My husband, Courtland, says he can't recall when he wasn't married. I don't know if that's good or bad!!! However, that's how I feel about the city. I never really considered it not a city because we always had a special identity. But, in March of 1952, the voters decided upon incorporation. The proposal was presented and finally accepted, and with that, a very special change came over our area. For it was at about that time, that the "orchard city" was going to grow and change into what we have today. I am not going to present any statistics, but rather what I witnessed as a young woman entering adulthood.

DAD ON COUNCIL

Since my father served on the first city council, my interest in the city was most direct. He also served on the high school board of trustees, so I was aware of the growth problems they faced also. I can't help but feel that the decisions reached by the leaders of our community in those days are directly responsible for the direction of our city today, a balanced community.

There was no need to worry about parks in our city's infancy because every orchard was a park. It was also a place of employment for many adults and young people. It was hard work picking prunes and maybe boring cutting cots but it brought in money that we were proud to have earned.

And it was fun, too, because there's something rewarding about having earned your dollar in an honest, clean way. Today the ranch is gone and the young people are out making hamburgers and sweeping floors. The ranch has become a place for many to live, and with future development, a place for many to work.

There are no flowering prune and apricot trees to greet the eye. No yellow mustard waving gently in the spring breeze. But our city has built parks to fill the void and I am proud of the many Campbell residents, business and industry who take pride in making their front yards beauty spots for all to feast our eyes upon. In our fast paced world today, the peace and beauty of flowering trees and plants are a definite asset. I think we're in balance here.

NO SHOPPING CENTERS

There weren't any regional shopping centers at the time of the incorporation 21 years ago. Most all of our shopping needs could be taken care of right on Campbell Avenue. There were some other stores, but wherever you shopped, you knew the store people and they knew you. Shopping time was a time for visiting with neighbors, and I must say, it isn't any different now.

We have shopping centers strategically placed to meet the needs of our expanded community. If you shop in your own area, you come to know the clerks and usually meet some of your neighbors. We didn't have a big department store then and we still don't. But, otherwise, we have everything we need to meet our needs.

Clubs and social groups were as numerous then as they are now. They worked on benefits to help various community needs as clubs do now. We didn't have a West Valley Joggers group, but high school football and basketball were well publicized, and the Stanford-Cal game was the big game. High school rivalries still continue and mean as much to all the new schools as they did and do to the old ones.

SCHOOLS

Speaking of schools, I walked to school in my young days and today my children do the same. Some students had to ride buses and some still do. However, elementary and high schools were put in the right places to meet population needs. Have you ever thought of the foresight shown to buy the properties needed for future growth?

As a child, one thing I hated most was going to the dentist. I still don't like it! There weren't too many choices of doctors and dentists in our early days, but they were busy dedicated men. Today, you have many men and women to choose from and they always seem to be very busy, so I guess the supply and demand mean we're in balance there, too.

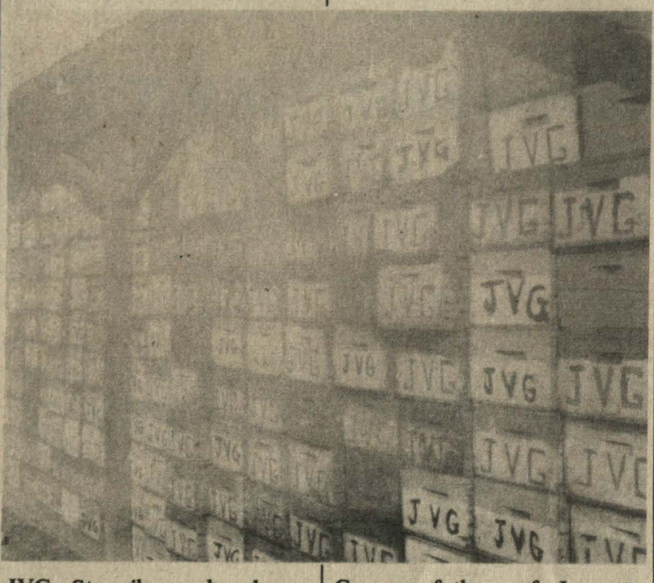
Campbell always had a fine group of churches to fill the needs of its people. At least three of the early churches have had to build new facilities to meet the needs of their growing congregations. Campbell also has many fine smaller churches today which let's all of us who choose to do so, to worship God in our own way.

RURAL TO URBAN

In 21 years, Campbell has grown from a rural community to an urban one. Those young men who wanted to continue ranching have left our area, it's true. Only a few old timers hold the few remaining acres of orchard land. Sunsweet has left our area, but its buildings remain and it can again become a source of employment for many. In fact, it should offer the opportunity for much more creativity. Not that Sunsweet didn't do all it could with a prune!!!

Yes, I do miss the smell of prunes drying and the beauty of row upon row of flowering trees. But I am impressed with the resourcefulness of our community to meet the challenge and provide the necessities to making our life productive and enjoyable. I still think that it's a well balanced community. God bless all of those citizens who have taken the time to serve their city and schools and churches. Through your willingness to give of yourselves, you have made our city a balanced community of which we can all be proud.

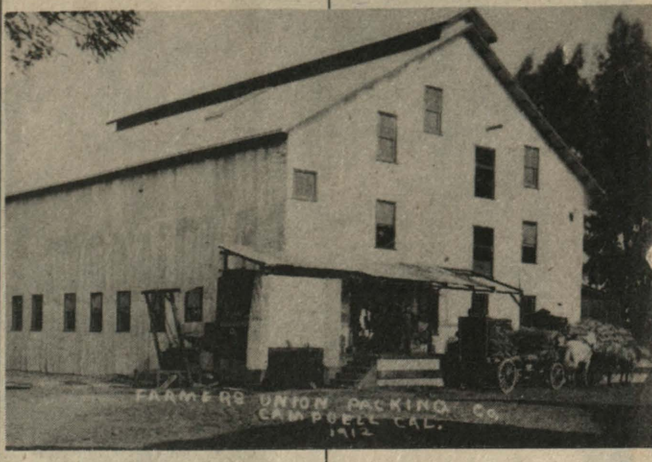
FRUIT WORKERS---Jeanette Watson and her sister worked during fruit season on the Gomes Ranch.



JVG---Stencil on lug boxes marks the 'cots of Joseph V. Gomes, father of Jeanette Watson.

ANOTHER ERA---Tankhouse on the former Gomes ranch between Hamilton and Latimer avenues.

WEIGHING IN---End of an era...A rancher hauls his fruit to the old Sunsweet plant which will be transformed into "The Factory," a dining, cultural and entertainment center.



'WAY BACK WHEN --- The forerunner to the Sunsweet plant which now is also on its way out.

TODAY A SUBDIVISION--- A view of the former Gomes Ranch on which the McKeon subdivision, Hamilton Downs, is now located.

PROGRESS 73
A COMMUNITY IN BALANCE

Green Valley **DISPOSAL CO.**

573 UNIVERSITY AVENUE, LOS GATOS 354-2100

It has been a pleasure to serve the people of Campbell and its surrounding area, and to take part in the community's progress.

GREEN VALLEY DISPOSAL COMPANY, was established in 1919, at which time the entire rolling stock consisted of one wagon drawn by one horse! Today, the firm meets growing need for this vital service with a fleet of 22 huge trucks containing the most modern equipment obtainable for the sanitary and efficient removal of refuse.

In its continuing efforts to provide the type of service that will result in a better community in which to live, the company started the conversion ten years ago from open trucks to enclosed Hyde-Pak units that are self-enclosed and self-contained. The enclosed truck bodies compress the contents and prevent rubbish from being blown from the vehicle during transit, and eliminates the insect and odor problem. Front-end loading trucks are used to service the rubbish bins of commercial customers.

The firm serves Los Gatos, Saratoga, Monte Sereno, Campbell and parts of Santa Clara County. It is active in Little League programs as well as other community activities.

A completely modernized office offers new equipment and systems, with increased office personnel for better and faster customer service.

The Green Valley Disposal Company is owned by four partners

– Dario Amerio, Mario Toso, Frank Varni and Amiel (Aze) Zanardi.
